132.	1940	V Coy	Cp TO	Request that we confirm with POSSUM (which supplied ammo this afternoon/evening) loc of Gs 43A and exact loc of BUSHRANGER strike both during Gs 43A's contact and later when BUSHRANGER engaged an area with possible 2 x VC and ascertain whether these are two quite separate locations. POSSUM both visited Gs 43A's loc and sight of BUSHRANGER strike. Also request on progress of girl injured during accident involving V Coy at CARTH.				V Coy considers loc of strike by BUSHRANGER to have been searched by Gs 43A. This is not clear as BUSHRANGER gave a different GR for the strike to that of the contact area.
