PART 3

COMMANDERS DIARIES INSTRUCTIONS

AIM

1. The aim of a Commanders Diary is to provide data on which to base future improvements in Army training, equipment, organization and administration, and to furnish historians with a record of the activities of units and formations in operational and non-operational periods in peace and in war.

GENERAL

2. *Entries are to be made daily on AF C 2118 (Adapted)* each entry being initialled by the officer detailed to keep it.
3. Commanders Diaries will conform with the rules for drafting orders given in "Staff Duties (Australia)" Chapter 2, Section 12.

RESPONSIBILITY

During Non-operational Periods

4. A Commanders Diary is to be compiled by commanders of all formations.

During Operational Periods (1)

5. A Commanders Diary is to be compiled in duplicate by:
 - a. Commanders of all formations.
 - b. Each branch of the staff at formation headquarters commanded by a brigadier or above.
 - c. Heads of services not below the rank of lieutenant colonel.
 - d. Personal staffs and officers holding special appointments.
 - e. Unit commanders.
 - f. Commanders of a detachment of a unit when so ordered.

COMPILATION

6. Both original and duplicate copies are to consist of:
 - a. Cover (AF C 2119) (Adapted).
 - b. Index as printed on cover.
 - c. Narrative (AF C 2118) (Adapted).
 - d. Annexes as shown in the Index.
7. All details of the unit or formation (if a detachment is concerned, the name of the parent unit), period covered and enclosure numbers of the annexes are to be shown on the cover. If there has been a change of command since the last report, the date of assumption by the new commanding officer is to be included.
8. The annexes are to be assembled in the groups shown on the cover. If there are no enclosures for an annex NIL will be entered on the cover. If additional annexes are convenient for a particular headquarters, starting at B.

for operations form Annex "Z", "TOP SECRET" the document. It is to be prepared and disposed of as

CONTENTS

as well as map references), establishment, equipment

orders given.

the day's fighting, including company movements.

commander with regard to equipment, tactics, organization

tential importance.

officers, men and equipment.

ment captured.

employed in the time not accounted for. The type of

and to save work as much information as possible is to be entered on the cover. All orders issued and received, routine returns, etc. All orders and the time of receipt or despatch is to be given.

the annexes, but need not give a precis of any of them.

DISPOSAL

13. **Original Commander's Diary.** This is to be forwarded monthly, unless otherwise ordered, by the seventh day of the succeeding month direct to AHQ.

14. **Duplicate Commander's Diary.** This must be clearly marked as a duplicate. It is to be sent separately from the original to AHQ one month after the original has been despatched but not before the former has been acknowledged.

15. When overseas, both copies of diaries are to be sent through the Army Records organization in the overseas theatre but at different times.

16. **TOP SECRET Supplementary Diaries.**

a. The documents referred to in Paragraph 9 together with a list of them made out on AF C 2118 (Adapted) must be placed in separate cover (AF C 2119) (Adapted). All details must be filled in and the cover clearly marked in red: "ANNEX Z — OFFICER ONLY". It may be convenient to group the papers by appendices.

b. Supplementary diaries must be forwarded under the normal rules for TOP SECRET correspondence, to AHQ. The inner envelope must be plainly marked:

TOP SECRET

ANNEX Z to

Commanders Diary of.....(Formation or Unit)

From.....to.....(Dates)

c. The duplicate supplementary diaries must be despatched as shown in Paragraph 14 as soon as receipt of the original has been acknowledged.

1 ATF SOI - AUG 71

1. 1 ATF SOIs for Aug 71 are attached.
2. Units are requested to pay particular attention to SOI item no 3, which details the periods and times for the change of frequencies, designators etc. Sufficient space has been left on each sheet for units to pencil in the periods on their SOI.
3. Items 1, 2, 4, 5, and 6 contain long term information and will not be reproduced each month. Units are requested to retain these items until the next issue of them is made.
4. Units on the 1 ATF Comd Net are requested to pay particular attention to items 11, 13 and 16, which detail the procedures for the activation of the 1 ATF Base Defence Net.

CONFIDENTIAL

1 ATF SOI - AUGUST
GENERAL INSTRUCTIONS

Security Classification Of SOIs

1. All SOI items are CONFIDENTIAL and are to be safeguarded in accordance with current security instructions. Publication of extracts is authorized, but they are to be classified CONFIDENTIAL, serially numbered and accounted for by the issuing unit on signature from the user.

Loss Or Compromise of SOIs

2. Loss or compromise of these SOIs, either in whole or in part, is to be reported immediately to:

- a. 1 ATF CP Duty Officer, and
- b. Comms Con 104 Sig Sqn (Ebony 106)

3. To minimise the risk of loss or compromise, these SOIs are not to be carried by ground troops forward of the formation/unit HQ to which they are issued. Essential extracts only may be carried forward.

Item 4 CONFIDENTIAL Page 1 of 4

CONFIDENTIAL

1 ATF SOI - AUGUST
GENERAL INSTRUCTIONS

Frequencies And Callsigns

4. Frequencies, frequency designators and callsigns are issued in groups of four. Each group remains current for the period specified in the appropriate SOI item. Changes are to take place in accordance with the timings given in SOI item 3.

5. No frequency is to be referred to in clear over any communication system. Frequency designators are provided for this purpose. Linkage of frequency designators with identification of nets in clear is prohibited.

6. All radio frequencies in use within 1 ATF are assigned by Sig Offr 1 ATF (O.C. 104 Sig Sqn). Use of frequencies other than those so assigned is prohibited.

7. The following callsigns only are to be used within 1 ATF:

- a. Those allotted in these SOIs,

Item 4 CONFIDENTIAL Page 2 of 4

CONFIDENTIAL

1 ATF SOI - AUGUST
GENERAL INSTRUCTIONS

b. Normal unit fixed callsigns.

Codes

8. All 1 ATF codes are issued by Sig Offr 1 ATF (O.C. 104 Sig Sqn). Any loss or compromise of any code is to be immediately reported to:

- a. 1 ATF CP Duty Officer, and
- b. Comms Con 104 Sig Sqn (Ebony 106)

9. All codes are to change at pre-planned times or when compromised. Details of pre-planned changes are contained in the relevant SOI item.

10. All codes are CONFIDENTIAL and are to be safeguarded accordingly.

Reporting of Faults

11. The following types of faults are to be reported to Comms Con 104 Sig Sqn (Ebony 106) immediately they occur.

Item 4 CONFIDENTIAL Page 3 of 4

CONFIDENTIAL

1 ATF SOI - AUGUST
GENERAL INSTRUCTIONS

- a. Excessive radio frequency interference,
- b. Known or suspected jamming of any radio frequency,
- c. Telephone faults on Ebony lines, and
- d. Errors and omissions in 1 ATF SOIs.

1 ATF LOCATION INDICATORS

1. The 1 ATF Location indicators are provided to give users a quick means of referring to commonly used places over command radio.
2. Security afforded the user is minimal and they should be used where long term security is not required.
3. Reference to the location is made by use of the particular (3) three figure group allocated to that location.

104 SIG SQN ADMIN NET

General

1. This net is designed for the handling of administrative traffic between Sqn HQ and Dets. It is to be operated in plain mode, however, if warranted, it can be operated in the secure mode.

2. As the frequencies and designators are permanently allocated, this SOI item will not be reprinted every month.

Establishing The Net

3. To establish this net, Dets are to call 1 ATF Comd Net NCS requesting this net be opened.

REPORT ON OPERATION OVERLORD

Reference: A. 104 Sig Sqn OpO 1/71.

General

1. Details of the comms provided by 104 Sig Sqn for Operation Overlord are contained in Reference A. No changes became necessary during the operation.
2. Reference A does not contain any detailed timings for the build up of comms, as the timings for the actual deployment of the force were not finalised until late in the planning stage. By this time Reference A had, of necessity, already been issued. It therefore became necessary for OC 104 Sig Sqn to 'play it by ear' during the initial deployment, a situation which may not be uncommon on any future operation.

Initial Deployment

3. The step-up det, with OC 104 Sig Sqn, joined the 1 ATF Comd Net at 0615 hrs 5 Jun 71, and left Nui Dat with the TF R gp at 0630 hrs. It arrived at the new HQ location at Courtenay Hill at 0715 hrs.
4. The deployment of HQ 1 ATF (Main) was by road, with the exception of the AN/MRC-69 shelter and the 104 Sig Sqn radio shelter, that were lifted in by CH-47 (Chinook) helicopter. These were due to arrive at the new location at 0745 hrs, but did not in fact arrive until 0915 hrs due to the following:
 - a. It had been decided by 176 Air Despatch Pl to lift both shelters at once, one underslung beneath the other. The all-up weight proved too heavy for first CH-47, the engines of which were apparently not developing full power,
 - b. The second CH-47 earmarked for the sortie became unserviceable before the shelters were hooked up.

Both shelters were eventually flown in as one lift. As a result of this and the operating characteristics of the CH-47, they were not able to be positioned exactly where they were required. An immediate change of layout within the signals sector of the HQ area therefore became necessary.

5. The main body of the HQ arrived at the base of Courtenay Hill at 0745 hrs, but was not able to deploy until the shelters were positioned. The deployment of the HQ was thus delayed for 1½ hrs.

Radio Relay

6. One det of Deployment Tp, 110 Sig Sqn provided the AN/MRC-69 terminal at Courtenay Hill. The Nui Dat terminal was provided by the det on Nui Dat Hill that had previously been operating the link to the Horseshoe feature.

7. All channels between 1 ATF (Main) and 1 ATF (Rear) became available for termination within 45 minutes of the AN/MRC-69 shelter being positioned on Courtenay Hill. The equipment operated satisfactorily throughout the deployment, with minor outages only, giving system availability in excess of 90%.

Radio

8. All radio nets operated satisfactorily throughout the deployment, despite a number of minor problems. None of these were new to the personnel of Radio Tp as they are experienced almost every day during normal operations. The problems were:

- a. Frequency interference caused by induction between adjacent antennae. This problem was accentuated at HQ 1 ATF (Main) due to the number of stations operating in such a confined space. There were 19 RC-292 and 14 whip antennae within an area approximately 100 metres by 40 metres.
- b. Normal equipment failures, particularly due to overheating. The temperature inside the ACVs in which AN/VRC-46 and AN/GRC-125 equipments were operating often reached 120 F.
- c. The poor reliability of the secure voice equipment currently in use. This is not a reflection on the equipment itself, but rather on the US Army repair system.

9. All HQ 1 ATF (Main) radio stations operated from either the squadron radio shelter or the G(Ops) ACV, and were remoted into the CP tent. The flexibility afforded by having these two groups of equipment proved, invaluable, particularly as each provides, at any one time, back-up equipment for the other.

Comcen

10. All telegraph, crypto and switchboard equipment required for the HQ 1 ATF (Main) Comcen is installed in an ACV, which is held permanently by 104 Sig Sqn. Basic details of the installation are given in the main body of this report (see paragraph 21).

11. During the deployment no problems were encountered in the operation of the telegraph circuit between HQ 1 ATF (Main) and HQ 1 ATF (Rear). Although the number of messages handled was small, the circuit is nevertheless essential for the transmission of long messages such as sitreps, locstats, intsums, maintdems, etc.

Line

12. Local lines within the HQ area were provided but to a lesser extent than required by 1 ATF SOPs. This was not due to any shortcomings on the part of 104 Sig Sqn, but to a reduction in the HQ 1 ATF requirement.

13. One line external to the HQ area was provided to the adjacent US FSB, a distance of approximately 600 metres. Some difficulty was encountered in keeping this line open due to the movement off tracks of vehicles, plant and particularly APCs.

Defence

14. This was basically in accordance with 1 ATF SOPs, and required:
- a. Two MG bunkers within the signals sector to be manned, each with two men, from last light to first light the next morning,
 - b. Individual sleeping shelters comprising Armco culverting and sand bags,
 - c. Fighting pits for use during stand to, and
 - d. Normal sand bag protection for essential facilities.
15. The full protection of all facilities was not achieved before the return to Nui Dat, although a gradual development took place daily.

Personnel

16. The following personnel of 104 Sig Sqn were deployed with HQ 1 ATF (Main):
- a. Comd/Comms Con
OC 104 Sig Sqn
OC Radio Tp
Sgt Op Radio
Sgt Tech Cipher
Cpl Stmn Tech
Lcpl Tech Elec
Sig Dvr/Batman
Two sigs for general/def duties
 - b. Radio
Lcpl Op Radio (CP operator)
Sig Op Radio - 6 (incl 3 CP operators)
 - c. Comcen/Line
Sgt OK
Sig OK/OKR - 3
Sig Op Swbd - 3
Lcpl Lmn Fd
 - d. Def Gp (for first three days only)
SSM 104 Sig Sqn
10 ORs
17. All personnel worked well and without complaint throughout the deployment.

Conclusion

18. It could generally be said that, from the RA Sigs viewpoint, the deployment was devoid of any mishaps or malfunctions, and that the communication system ran smoothly. This was particularly gratifying as, with the exception of one squadron member, nobody had taken part in a deployment of HQ 1 ATF before.

19. A copy of Reference A and some photographs are attached.

B. 104 Sig Sqn Monthly Report for May 71.

OPERATIONS AND DEPLOYMENT

Operation OVERLORD

1. 1 ATF Operation Overlord took place 5 - 14 Jun 71. HQ 1 ATF (Main) was deployed to Courtenay Hill (YS 4490) for the duration of the operation, necessitating deployment of elements of 104 Sig Sqn and 110 Sig Sqn. A report on the signals aspects of the operation is attached as Annex A.

LO Detachments

2. A det of one sgt and two sigs was provided at 2/8 Bn, 3rd Bde 1st (US) Air Cav Div (AM) for the duration of Operation Overlord.
3. Lt Castle was det to HQ 1 ATF for employment as 1 ATF LO at 2/8 Bn for the duration of Operation Overlord.
4. There were no changes, other than the routine rotation of personnel, to other dets provided by 104 Sig Sqn.
5. The current deployment of dets of Radio Tp is as follows:
- a. HQ 3rd Bde 1st (US) Air Cav Div (AM). Located at Biem Hoa.
 - b. HQ Royal Thai Army Volunteer Force. Located at Bearcat (YT 1600).
 - c. HQ Long Khan Sector. Located at Xuan Loc (YT 4508).
 - d. District HQ.
 - (1) Dat Do (YS 4859).
 - (2) Xuyen Moc (YS 6668).
 - (3) Duc Thanh (YS 4677).
 - (4) Hoa Long (YS 4263).

Patrols

6. On 25 Jun 71 a 69 hr fighting patrol of 13 all ranks was provided in Base Patrol AO Kingsgrove (formerly AO Sadie) and immediately adjacent areas of AO Birdsville (formerly AO Lisa). The patrol was commanded by Sgt B.E. Dwyer, with Sgt L.N. Thomas as 2IC. No contact was made with the enemy, but a number of civilians were sighted outside civil access areas.

RESTRICTED

RADIO

Comd 1 ATF Secure Net

7. This net commenced operation on 5 Jun 71. It is provided for Comd 1 ATF to talk to the two bn comds. The secure equipment used on the net is set differently to the 1 ATF Secure Comd Net, thereby preventing any monitoring in clear.

8. The control station operates from the Sqn HQ radio bunker, and is remoted into the office of Comd 1 ATF when the HQ is not deployed forward.

Deployment Radio Shelter

9. From experience gained on Operation Overlord the modified shelter S-144/G proved to be not entirely satisfactory as a multi station installation. In addition the shelter itself is not in very good physical condition.

10. With the assistance of RAEME it is proposed to equip a ¾ ton FFR vehicle as a multi station installation, the designing of which is now in hand. Details will be included in a monthly report when trials have been conducted.

1 ATF Radio Nets

11. All nets provided by 104 Sig Sqn continue to operate satisfactorily without any major faults occurring. Frequency management continues to be a seemingly never-ending problem area for the comms con staff, but things are gradually becoming easier with the withdrawal of US forces from MR3. HQ TRAC is now in a better position to accept requests for changes in 1 ATF block allocation of frequencies.

12. Mutual interference and 'pirating' of frequencies by ARVN, RF and PF continue to be a problem, particularly at unit level. A new system of allocating frequencies within 1 ATF has been instituted, and it is hoped that this will reduce the mutual interference problems.

RADIO RELAY

13. Nothing of significance to report.

LINE/SWITCHBOARD

Ebony Switchboard

14. The old Ebony switchboard AN/MTC-1 was returned to 39th (US) SigBn at Long Binh on 23 Jun 71.

15. The present Ebony switchboard continues to provide satisfactory service despite a number of recurring minor faults. The full list of items comprising this equipment has still not been received at this stage, With US forces now seemingly more preoccupied with withdrawal from South Vietnam than anything else, it is doubtful whether all items will ever be obtained. Perhaps we may be accused of being too sceptical in this regard but, as a certain actress once said, only time will tell.

RESTRICTED

RESTRICTED

- 3 -

Shortage of Switchboard Operators

16. There is currently a deficiency of three switchboard operators, relevant details being:

- a. Sig Stewart RTA 11 Feb 71, replacement Sig Dass ETA late Aug/early Sep 71,
- b. Sig Diamond RTA 12 May 71, no replacement yet nominated, and
- c. Sig Cramp RTA 16 Jun 71, replacement Sig Johnston ETA late Aug 71.

As a result of the above shortage the 1 ATF CP switchboard has been operated by OR/OKR personnel of Radio Tp for the past two months.

17. During Operation Overlord three switchboard operators were deployed at HQ 1 ATF (Main), leaving only four to operate Ebony switchboard on a 24 hr basis. Other tradesmen had to be misemployed, but this they willingly accepted as an operational necessity.

Nui Dat Line System

18. The steadily increasing amount of wet weather is now causing an increase in minor, though nevertheless frustrating, faults. These the line det are able to adequately cope with despite the misemployment of two linemen in other jobs. One is currently employed as a switchboard operator, the other as a DR due to the deficiency of one DR out of the three on establishment.

COMCEN

Traffic Statistics

19. Details are given in Annex B. The problems at the Austcan Primary Relay Station, Melbourne are reflected in these figures.

1 ATF Comcen

20. The internal reconstruction of the message reception area (see paragraph 16 of Reference B) has been completed.

Deployment Comcen

21. Re-installation of the ACV that provides this facility was commenced during May (see paragraph 18 of Reference B). It was completed on 4 Jun 71 in time for deployment on Operation Overlord, and now provides the following facilities:

- a. Two fully equipped secure simplex telegraph positions. Only one of these is required at any one time to handle traffic. The other is a back-up system and is also used for tape preparation.

RESTRICTED

RESTRICTED

- 4 -

- b. One Radio Set AN/PRC-47 as back-up to the radio relay channel normally provided by Deployment Tp, 110 Sig Sqn.
- c. A 29 line switchboard provided by two stacked switchboards SB-22/PT, with a third as a spare. All three are stacked-mounted together.

TECH MAINT

Maintenance of Equipment

22. The normal maintenance of equipment continued during the month without any major problems.

HF Radio Equipment

23. The preparation of this equipment for return to Australia is being constantly delayed due to the necessity to direct technical attention to higher priority tasks. When the preliminary check of Radio Sets AN/PRC-47 was made some time ago, it was found that none were serviceable. Where possible they are being repaired, but shortage of parts has presented a problem. Because they have not been used in this country for some years, if ever, no parts are now scaled for them. In all probability some will have to be returned unserviceable and deficient certain CES items.

VHF RTT Working

24. It is not known whether a tg net has ever been provided for 1 ATF. This the two inf bns have now requested. To meet this requirement it is proposed, with the help of RAEME and the resources of the tech maint det, to design and instal a secure simplex RTT facility in a ¾ ton FFR vehicle. A basic installation kit has been designed, and further design work is continuing.

25. It is agreed that this may be a somewhat ambitious project, but it is nevertheless considered to be worthwhile. Details will be contained in a future monthly report when trials have been conducted.

COMSEC

Security/Procedure Breaches

26. The number of breaches on 1 ATF radio nets recorded during the month was:

- a. Security - 32
- b. Procedure - 81

27. The increase in breaches has been caused by the increase in experience of the operators doing the monitoring rather than a lowering of net operator standards.

Replacement of Personnel

34. The situation regarding replacement of personnel is shown in Annex C. Of particular significance is the lack of nominated replacements for a large number of personnel due to RTA in Aug 71. It seems, at this stage, that delays in the replacement of many of these will inevitably occur unless immediate steps are taken to remedy the situation.

Armed Forces Day

35. One member of the squadron was provided to take part in the Armed Forces Day march and troop review in Saigon on 19 Jun 71.

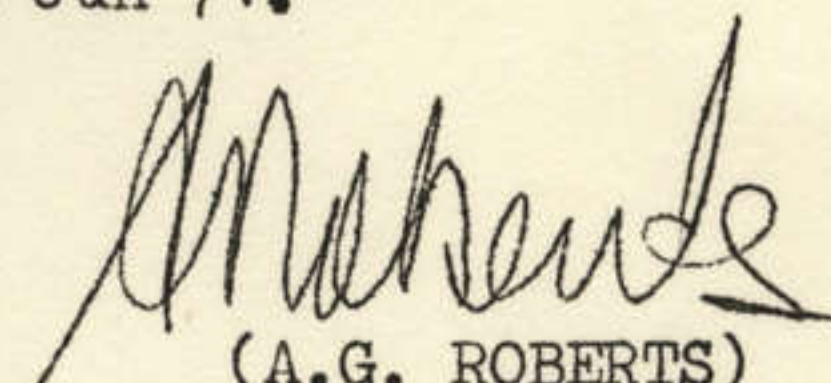

RAEME EIS Inspection - Vehicles

36. This inspection was carried out 24 - 26 Jun 71. The grading given was good.

Visits

37. The following people visited the squadron during the month:

- a. Maj K.D. Collins, OC 139 Sig Sqn, for the period 16 - 22 Jun 71.
- b. CSO AFV on 19/20 Jun 71.
- c. Capt Livingston and Capt Brown on 25/26 Jun 71.
