"Died of Wounds"

We have written to Pte Grayland's friends in England, also to his friends in Melbourne. The Sister of the ward also wrote and sent a snapshot. Pte Grayland had a very serious injury to the thigh, also an amputation of the leg, Hemorrhage of the injury was the real cause of death, which came on at several different periods. He was a very nice lad and much liked in the ward. We would have been glad to have been able to give you different news of him.
