Sg. Knowles 1666. L.T.M. By A.D.F. has been under care in
Forrest Military Hospital since 12-17. He was admitted with acute
Nephritis & Pneumonia after a time was very seriously ill. The condition of
his lung has recovered but the disease of his kidneys still gives
rise to anxiety. For the past few days he has not been so well
by reason of renal insufficiency. His wife has seen him and I
am in communication with her as her home is Devonshire
