Killed Oct.4/17. Det.D/E.

I had known Lamb since he joined the Regt; before doing so he worked with the Commonwealth Bank. He came over to Egypt with me where I left the Regt. and later he joined up in France. While at Zonnebeke, on the 4th Oct, I was about 20 yards away from him while he, along with 3 or 4 others, were in a shell hole. He was sitting on top when a 5.9 came over; that was the last I saw of the lot. I did not recognise any of the others.

"Killed 4.10.17"

He was in the next shell hole to us. I saw him 3 minutes before a shell came and killed 5 altogether, and there were only 2 left. Lamb blown to atoms, wasn't to be seen. Victoria. 5'7 or 8" and fair. Think he was a dispenser.
