"Killed 11-3-18"

Gregory was carrying a message from one outpost to another near Zonnebeke after dark when he was hit in the groin by a machine gun bullet. The S/Bs (I don(t know their names) carried him to the D/S but he died just as he got to No 2 Post where I was and which was on the way to the D/S, and I saw the dead body. He was conscious, I believe, till He died, but I don't know whether he spoke to the S/Bs. I know that his body was brought back to the rear and was buried though I didn't see either the burial or the grave.

Gregory was a young fellow of a little over 20, medium height dark eyes, and darkish hair. Came over from Australia with 18th Rfts of 1st Battn in Kyarra (Left June 1916) He was in my D.Company.

I saw him killed instantaneously by a M.G. bullet which hit him in the stomach. I was not at his funeral but later in the day saw his grave at Spoil Bank (front of Hill 60). Up to the time I left no cross had been erected but I understood one was to be put up.
