A. I. F. 34th Bn. SHAW, F. E. 2395.

M. Oct.12/18. Det.D/B.

It was 6.0 o/c. when he said goodbye to me and wished me luck; I replied and wished him the same. He did not like his chance and did not think he would come out. We were going over the top. He was my bed mate for 3 or 4 months before. They went over immediately. They got their objectives, but about 10.0 o/c. Pte.Lock, one of my S/Bs, now dead, told me that he had seen Shaw lying half over the edge of a shell hole, dead, with a bullet wound through his head. His body was left there and was not buried when I left next day injured. Shaw was sandy-haired, about 5'6" or 5'8", slight-built, came from Tamworth, was quite young - only about 19.
