4th AUSTRALIAN FIELD ARTILLERY Mc.INTOSH, H.A. 1505

D/W. Oct. 22nd.1917. Det. D/B.

He was about 20 or 21 years of age. He went to Caulfield Grammer School, Melbourne. He was with me when he was wounded in the back by shell at Sans Souci Wood, Ypres, in October last. The high explosive penetrated into his stomach, but it did not seem to be serious though he was in pain. I was at the Dressing Station when he was dressed. He was perfectly conscious, and we thought he would recover. He went away to a Casualty Clearing Station, and we heard afterwards that he died there.

McIntosh was wounded on October 20th at Sans Souci, one of Fritz old pill boxes on Westhoek Ridge. He was coming down from the guns to the pill box where we were billeted, and there was a big barrage on. I was standing at the door, and just going to call out to him when a shell burst and he was hit in the small of the back. He may have had other wounds but that was the worst. He ran out and carried him in and he was attended to by a doctor. Then he was carried down to a D/S. and I heard later that he was dead. He was a young fellow of about 24, and had only lately come from the D.A.C.
