Missing 5.8.16.

At Pozieres several of us were buried in "K" trench, by a shell. I was near to Warner. I got out and most of the others, but Warner was never heard of or seen afterwards, and undoubtedly he was buried.

"Missing Aug.5/16"

I saw this man killed on Aug.4th 16. We were making an attack upon a ridge near Pozieres and a shell caught this man and some others, killing him instantly. The attack was successful and the ridge was gained, and held. I saw him lying dead, in the trench that we captured from the enemy. We were not able to bury him but placed him inside the parapet before we left.
