---

I last saw him about February 2nd at Bayonet Trench on other side of Bazentin High Wood. He was wounded and was making his way to the D/S. I do not know if he got to D/S. Some men of another battn. told me they also met him and he had got wounded in leg and arm. Very heavy shelling on. Time between = 11 and 12 at night. He was well known as very daring and much liked.

"I know a man called Schoberg 5 B. Intelligence Platoon. While we were in Reserve trenches at Flers (Bull trench) about Feb. 2nd/17 he went away to the dressing station with trench feet. He did not tell anyone he was going, so he was marked as missing. He was only away four or five days, and then came back again. I saw him last in March, and I think he was quite well then." A & B. Co were together in Reserve about 2nd Feb. C & D. Coy were in the Front line.
