2nd Eng.A.I.F. WILSON GEO. 110

"Killed about 20.4.18."

Wilson was wounded in the back in the billets near Hazebrouck by a shell about April 20.18. and lived for about half an hour. He told me he was a nature of N.Z. and joined in Australia, but I do not know where he came from. Did not see casualty but saw his body before interment by Padre Cpl. Boos and Lt.Clark (2 Engrs No.3 sec.Office) I attended them and held their horses while they buried him in Hazebrouck cemetery. A cross would be erected.
