" We were on the way to " Reserve" after being relieved, just to the right of the Amiens and Albert Road, some way behind the lines. I was with Stilgoe when he was hit by a shell that took his leg off, and he had other wounds. I buried his leg myself the next day. Within ten minutes of being hit, the stretcher-bearers had taken him away, he was still conscious when I saw him last. The stretcher-bearers told me they took him to the 1st Field Ambulance where he died. He was taken from there and buried. "

I knew him well. He was short and light built, fair, and was a good boxer about 30 years. I don't know where he came from. On the 17th April near Doulencourt in supports. At night we were just coming out of the line when Stilgoe was hit and by a shell and got one leg blown off. I saw him being taken to the D/Station but I don't know anything further. It was reported that he D/W afterwards.
