Dear Madam,

In reference to your enquiries about the wounded & buried & the three following men —

3648 Pte. F. J. Hunt — 6907 Pte. J. J. Turner & 429 Pte H. T. Turner

The only particulars I can obtain are as follows —

Pte. F. J. Hunt 56th Bn., whose number I have in my records as 3386 not 3648, but he is evidently the same man, was admitted on 4. 6. 18 to No 11 Stationary Hospital badly gassed and was at once put in the dangerously ill list. I saw him several times and took him the few things that he seemed to want such as fruit etc. but he was much too ill to talk and left no messages. but just fainted his life away and died on 12. 6. 18. He is buried at St. Sever and his grave no. is in 377. I did not write to the people but the matron did, as is always the case in Military Hospitals. It is well that the relatives do not see the gassed patients. for it is a very painful & distressing thing and, personally, I would far rather see a man badly wounded than badly gassed.

Pte. Turner 24th Bn. I can find no trace of at all and the only man of that name who died in No 11 Stationary Hospital was not [illegible]

in the month of June 1918 was an Englishman - I went to the cemetry & looked up the records there, and to me of that name from the N.Z.F. has been buried there in the month of June - so he could not have died in this area - Do you think it possible that you are confusing No 11 Stationary with No 11 General Hosp. which is at Etaples?

4209 Pte. H.T. Furnier 35th Bn was admitted to No 13 Stationary Hospital on 10.10.17 suffering from Gun. Shot wound chest and back & a fractured spine - He was quite hopelessly paralysed from the waist downwards and was in the dangerously ill list from time of admission - It is exceedingly difficult to obtain any details about him because it is so far back, and the whole staff, O.C. Matron & Sisters are all new since that time, only some of the V.A.D's remaining, and the one V.A.D who was there at the time cannot recall anything particular about him, which is not surprising as it is an acute surgical ward of between 500 & 600 beds. The Matron's books show, however, that the boy's records were written up on the three successive days after his admission and again giving all particulars after his death - He was buried at St. Sever - Grave No 4672. Am awfully sorry not to be able to get you any more satisfactory information than this, but hope it will be of some use.

I remain

Yours Sincerely

James. Pigott,

6907 Pte J.T. Turner 24th Bn A.I.F.

Dear Sir,

We have been asked by the relatives in Australia to obtain the fullest details possible of the wounds, death and burial of the above, who died in your Hospital on 11-6-18 and would greatly appreciate any information that you may send us.

As we have been informed by various C.O.'s and Adjutants that the receipt of notes of thanks only causes them unnecessary inconvenience, unless you ask us to acknowledge your reply to the above we will not do so, and trust that you will understand that we appreciate it none the less.

With apologies for troubling you,

Yours faithfully,

(Miss) Vera Deakin

Secretary.
