33rd AUSTRALIANS TAYLER, P.C. 1966

K. June 7th.1917. Det. D/B.

I knew Corpl. Charlie Tayler, whose number was 1966. He came from Sydney. He was of medium build, and fair. I saw him dead at Messines. He was lying about 50 yards from our front line, and had been sniped just as we went over on June 7th. I saw him as I was coming back, 5 hours later, about 6a.m. with a message. I was a runner. The attack was successful, and we held this ground. I do not know if he was buried. He was lying a good bit behind our new front line. I just looked at the body. He was quite dead. It was a clean bullet wound in the temple - no other wound.
