	45th Battalion A.I.F.	3253	Corporal Walter Charles TOZER.	For his gallant conduct and prompt action at VILLERS BRETONNEUX on the 2nd May 1918. At about 5 a.m. a party of Germans about 50 strong was advancing on his Post which was in an isolated position having just been established and which it was of the utmost importance to hold. He immediately opened fire on the party with his Lewis Gun causing a number of casualties. It was due to his very prompt action that the attack was delayed and finally driven off. His work during the whole tour in the line was excellent.		H.M.	
	45th Battalion A.I.F.	3525	Private William GIBSON.	For courage and devotion to duty on the night 2/3 May near VILLERS BRETONNEUX. When all telephone lines with the front were broken he worked continuously all night under very heavy shell fire repairing the lines and succeeded in keeping Battalion Headquarters in communication with the front line, thereby enabling information of the greatest value to be transmitted without delay. His work during the whole tour showed great keenness and utter disregard for personal danger.		H.M.
