Award

During the whole of the operations of the 1st. Australian Division in September and October, 1917 in the vicinity of YPRES Corporal HARN (then Lance Corporal) was attached to the 1st. Divisional Pack Train. On several occasions he was given charge of a convoy of 30 horses loaded with ammunition to take forward..

Although enemy shell fire was severe, on no occasion did he fail to reach his destination.

Owing to his sound judgment and gallant leadership on several critical occasions the supply of ammunition to the forward dumps was maintained.

This N. C. Co. work has invariably been of a very high standard.
