VEALE, D.C.M.

On the night 7th/8th August 1918, East of VILLERS BRETONNEUX, near ALIENS, Lieut. VEALE laid the jumping off tape for the attacking Battalions of the 7th Aust. Infantry Brigade. This was done under heavy machine gun fire and over difficult country.

The tape was so thoroughly and accurately laid that it ensured the successful forming up and jumping off of the three attacking Battalions.
