Colonel George
Walter BARBER.
C.M.G., D.S.O.

ESo 1-1-17
CMG 1-1-18

For his most conspicuous good work as D.D.M.S. of the Corps since the Spring of 1918. In the summer he organised with the greatest ability and foresight the medical arrangements for the defence of AMIENS. He worked out all the plans for the evacuation of the wounded throughout the operations of the Autumn. To his hard work and constant attention to the minutest details has been due the good health of the men of the Corps. For his ability and untiring energy he is deserving of special reward.
