242669	1st Army Troops Company Engineers. A.I.F.		Lieutenant Frederick DOBLO.	During the operations in the vicinity of BELLICOURT from 29th September to 3rd of October 1918 Lieut Doblo was in temporary command of the Company which was attached to the Corps Heavy Artillery to assist them in moving their guns forward. He personally carried out reconnaissances of forward roads, and, in spite of heavy shell and machine gun fire, brought back information to the Batteries which was of great assistance to them. He set a fine example to his men while making tracks for the guns and the work carried out, under his direction, proved of great value.	C.R.E. C.T. Asst Corps.	M.C.	MC
