	1st Army Troops Company. Australian Engineers		Lieut. NOKIE, Thomas.	During the operations in the vicinity of BELLICOURT from 29th September to 3rd October, 1918, this Officer was attached to Corps Heavy Artillery assisting Batteries in moving their guns forward. He personally carried out reconnaissances of forward roads and battery positions, and in spite of heavy shell and machine gun fire, brought back information which was invariably of great assistance to Batteries. He set a fine example to his men, while making tracks for guns; and other work executed under his direction, proved of great value in this operation.	C. R. E. Aust. Corps.	<i>Incentive</i> M. G.
