2nd Field
Coy

Captain Walter
William
JAMES

Captain JAMES has been a member of the Divisional Engineers since August 1914 and has never been off duty since. He has done very meritorious service, first as C.S.O., 2nd Field Coy, Section Officer, Adjutant & Company Commander.

At POZIERES between 15th and 22nd August 1916 he commanded the 2nd Field Company and was continuously on the front line work during that period. He showed great courage and ability under very severe conditions and fearlessly carried out reconnaissance in the front line under very heavy shell fire.
