4th Inf.Bn., 4648 Private Percy Pierce WARBOYS.

For conspicuous gallantry during the operations C.O., Military at ZONNEBEKE, East of YPRES, 1st to 11th November 1917. 4th Inf. Bn. Medal

Private WARBOYS was acting as Battalion runner and he performed excellent service by running messages under heavy shell fire between Battalion H.Q. and forward positions. While the Battn. was in reserve on the night of 10th November, in pitch dark and pouring rain, under extremely heavy shelling he guided to their position in the front line two platoons of a relieving battalion who had lost their way, the duck board track in many places having been blown up and impassible.

His constant and cheerful devotion to duty has had an excellent effect upon his fellow runners.

Date recommendation passed forward.
