| ROSS, Arthur, <del>Wm.</del> Murray | Major. | Head-quarters, Third Infantry Brigade. | 25th April to 3rd October 1915. | <p>Who, as Staff Captain to 15th May, and thereafter as brigade Major, did excellent Staff work, and was untiring in devotion to duty. He displayed on all occasions great tact and ability as well as coolness and gallantry under fire. He was responsible for the initiation of several successful operations; and the arrangements made by him for the capture of the work known as Leam's trench largely conduced to the success of the operation.</p> <p>In addition, this Officer has displayed instructional capacity of a high order, and his personal hold over all ranks was of great value during all the trench fighting.</p> <p>I strongly recommend him for an honour.</p> | 4               | <p>Yes 31-7-15.</p> <p>25/9/15</p> |
