53	Sergt	Thompson H. J	This N.C.O was with A Squadron on the night of 30/31 July when the night enterprise was carried out by the 6th Regt on the vicinity of IRQEIQ A Squadron had reached WADI SOFI when I saw them order to retire immediately & telling them that the enemy were in force between H.Q & themselves. At this time Sergt Thomson with 8 men was within 30 yards of an enemy's post on WADI SOFI This task certainly on working their way back to the Squadron on account of the close proximity of the enemy. When he eventually reached the Squadron, the Squadron had to retire from the line of retirement several times to check the enemy. Major Cross and Sergt Thomson with their men several times to watch to an opportunity to get the Squadron through the various bodies of the enemy's troops He did this with wonderful coolness & managed it without a shot being fired & the Squadron leader considers the successful withdrawal of the Squadron was due to a very great extent to the skilful conduct of this N.C.O I consider this N.C.O's work well worthy of recognition C.
