

Community Grant Program

Investing in the communities our people call home

Rockhampton's North Knights Junior Rugby League used their grant to purchase new training balls and carry bags to help the next generation of local footy stars build skills and stay game-ready.

Grants of up to \$10,000 available for community-led projects

Supporting education, wellbeing, environment, and vibrant communities

Four grant rounds awarded each year

Bravus Mining and Resources is proud to operate in regional Queensland.

We recognise that our sustainable business success is deeply linked to the prosperity and vibrancy of the regional towns and cities our people call home, and we seek to back our local communities and the things that are important to the workers at our Carmichael mine.

Our Community Grant Program is one of the ways we add to community vibrancy, on top of the economic value of the jobs we support and the opportunities we create for local businesses.

The program provides not-for-profit organisations and community groups in central and north Queensland grants of up to \$10,000 for grassroots initiatives, events, and projects that deliver real and meaningful outcomes in one or more of our focus areas of: education, building vibrant communities, enhancing environmental stewardship and improving community wellbeing.

The grants are awarded over four rounds each year and there are clear guidelines and criteria applicants must meet to be successful.

The Bravus Mining and Resources Community Grant Program forms part of our overall social investment commitment and sustainability framework objectives.

From flood recovery to neonatal hospital equipment, community pool upgrades and farmers' drought relief, we are proud of the outcomes the Bravus Mining and Resources Community Grant Program has delivered since 2017.

CASE STUDY

Meals for Mums

ROCKHAMPTON

Following the success of its initial partnership with the White Cloud Foundation in Townsville, Bravus Mining and Resources supported the expansion of the Meals for Mums service into Rockhampton. This program delivers nutritious, ready-to-heat meals to mums experiencing or at risk of perinatal depression.

“ By providing a single meal to someone in a time of need, we give them the energy and mental strength to support their family and kids. ”

Professor Adam Scott, White Cloud Foundation

CASE STUDY

Kelso Birds of Prey

TOWNSVILLE

A grant from Bravus Mining and Resources helped Townsville's Bird of Prey Rescue, Rehabilitation and Release Inc construct a new aviary. This organisation rescues, rehabilitates, and releases injured and orphaned birds of prey, and educates the community about their importance to the environment.

“ The grant enabled us to re-construct the aviary that houses the wedge-tailed eagles. ”

Deborah Carter, Founder
