

Feeling Creative?

What if there was a Creative Space in Murchison – how would you use it?

What is a Creative Space?

A Creative Space is a community space with a focus on the arts and creativity where everyone is welcome.

You might drop in to the Open Studio – where there may be a range of materials for trying out – or perhaps you might take up an opportunity to participate in workshops or programmes. This might be free or by donation or perhaps there may be a charge for events such as workshops.

Creative Spaces are successful and enjoyable because a broad range of activities are possible – everyone can have a go and it is not too difficult to meet with some success!

The benefits of participating in the arts are many and varied, and all have a positive spin-off for the community.

What are you interested in?

Making baskets
Photography
Stone Carving
Watercolour Painting
Fibre Arts
Jewellery
Soapmaking
Music
Gardening
Papier Mache
Screenprinting
Rug Making
Knitting/Crochet

I would not support such a place

Sewing

Yes _____ No _____

Free of charge _____ As a paid tutor ideally _____ As a paid tutor only _____

What age bracket are you in?

Under 12 12-18 18-30 30-50 50-70 70+

Which are you? Female _____ Male _____

This information will help us determine whether a space such as this would be of value to Murchison. It will also be useful in determining future classes and workshops. We will let you know in the Murchison News how it all goes.

Please drop this in to the School, the Library, Visitor Centre or Museum by Thurs 17th Nov.

Thanks!

Murchison Community Resource Centre
