Moving Numbers & Letters

BOOSTING LEARNING AND MOVEMENT WITH FUN
NUMERACY AND LITERACY ACTIVITIES

Purpose

We are excited to launch our brand-new Moving Numbers & Letters Workshop. This workshop is aimed at classroom teachers who are interested in finding new ways to teach the difficult subjects of literacy and numeracy in a fun and exciting way. We have some new and exciting curriculum-based games and brain-break activities which will help get your classroom focussed and energised.

Workshop

We'll introduce you to the topic of game-based learning and the associated benefits. Applying short brain-break activities and allowing students to learn in a fun, game-based way, will assist you with your day-to-day teaching while still achieving the fundamentals of the school curriculum and course standards.

The professional development workshop will also cover:

- * Literacy and numeracy lesson starters
- * Apps that can assist with teaching both subjects
- * Movement and physical gamified class-based activities
- * Cross-curriculum board games for literacy and numeracy

Let us change the way your school looks at play and team bonding in a never before seen way.

About us

Energetic Education is the creator of the world-renowned app Jugar Life, which follows the daily practice of play, gratitude and reflection, helping people to be present in each and every day.

The team is on a mission to bring movement, fun and happiness into every day! Using their background in education, business and the fitness industry, they offer a number of different options to suit your business, including an all-day, 2-hour or half-day energised and motivational FunShop experience for you and your team starting from \$1999.

Dale is the founder of Energetic Education, the host of two podcasts in Energetic Radio and The Trainers Tribe, and founding member of FHL Retreats, Bottoms Up Fitness and Learning with Games. He is really excited to come and share his passion of making everything fun with you and your staff through his world renowned FunShops.
