

My name is Jason Comiskey and I'm from "Portwine" Alpha. My parents started to take my sister Teddy and I to Campdraft's when I was 6 years old and we have enjoyed it ever since. Nowadays I travel to Campdraft's with my wife and two beautiful children throughout western and central Queensland, we are active members of our local committee and we currently sponsor 7 different committees.

I was elected in the ACA Management Committee 12 years ago, currently I am a part of the judges sub committee. I have been an open judge for about fifteen years and have travelled throughout the Northern Territory, Qld, NSW and Tasmania over the years and have thoroughly enjoyed the experience it has given me. I have also travelled extensively facilitating judges clinics for many committees.

My eldest child is now competing in Campdraft's and I would like to ensure that our great sport that I grew up enjoying is evolving with the times but still embodies the traditional Campdraft values of fairness, good sportsmanship and enjoying a weekend away with your family and horses.

Sincerely

Jason Comiskey
