

## HARBOUR EXPERIENCE (PREVIOUSLY HARBOUR STORY)

Sydney is a modern, thriving metropolis that is also steeped in culture, historical monuments, hidden coves and a rich colonial past. The adage 'people make a place' is also more relevant in Sydney than anywhere else in the country. Our unique Harbour Experience cruise helps to bring to life the unique stories of Sydney through smart mobile commentary of the people, places and the events that have made Sydney harbour the most beautiful and exciting natural harbour in the world. On this cruise, you can listen to the stories of Sydney while cradling a glass of Australian sparkling wine, whilst also indulging on a dozen of delicious Sydney Rock Oysters.

**DESCRIPTION**

There are some cities in the world where you just can't self-guide no matter how good a tourist you think you are! That's why we've created the Harbour Experience cruise and if you only have a limited time in Sydney during your next visit, we have the perfect storytelling experience that will help you and your travelling companions slowly unpeel the layers that make this city so special. From its historical and colonial past, to its modern thriving present as a financial and international hub, our Harbour Experience redefines the way you should sightsee on Sydney Harbour. This cruise draws from its predecessors, the Coffee Cruise and the Harbour Story Cruise, both known to be Sydney's best sightseeing tours. After collecting you and other guests from Circular Quay and Darling Harbour from the minute you step on board, you will be listening to live commentary about some of Sydney's most amazing characters. Get comfortable and settle in with a glass of sparkling wine or a cappuccino from the onboard purchase bar and let your imagination run wild against the warm hues of an endless Sydney vista. Our sightseeing cruise route will take you all the way to Bradley's Head and each of our cruises guarantee sightings and commentary on the Opera House, Harbour Bridge, Royal Botanic Gardens, Garden Island Naval base, Taronga Zoo, Government House, Fort Denison and much more. Sydney is a buffet of rich experiences and stories. It's distinctive CBD skyline and palatial Eastern Suburbs mansions help give context to a city constantly evolving and reinventing itself. Which is why only a local company - and a harbour cruise just like this - can help to tell its story.
