

New Corian®
Textured Surfaces.

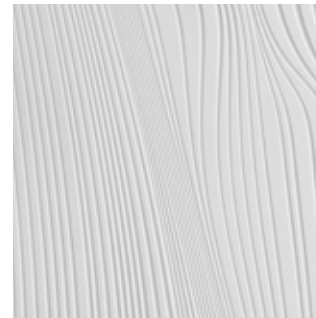

Latest innovation in multi-dimensional wall panelling.

Our range of Australian designed and made patterns offer you the latest innovation in multi-dimensional wall panelling. Available in a wide range of colours and textures, Corian® Textured Surfaces deliver the ideal combination of functionality and beauty. Bonded together with matching adhesive, they offer a finished solution in one step. No painting. No sanding. No grout. Simply bond the pieces together and attach to the wall with silicone. With Corian® textured surfaces, you have the power to make your space unique!
