Area Co-ordinator

Division	City Planning, Development and Transport
Business Unit	Health and Building Unit
Grade/Band	Band 7
Date position description approved	10 December 2019

Council overview

At the City of Sydney our people are our most important asset and central to achieving our exciting and ambitious Sustainable Sydney 2030 – developing a green, global and connected city. The City of Sydney works to build socially sustainable communities that support a more inclusive Sydney – a city that is also more connected, liveable and engaged.

From our high-quality facilities to local services and initiatives, we are dedicated to delivering the best city environment for business, work, living and recreation.

Council values

Our people are custodians of public trust and confidence. In recognising this, we are committed to building a high performing culture built on the values of collaboration, courage, integrity, innovation, quality and respect. These six core values guide everything we do at the City.

Primary purpose of the position

The primary purpose of this position is to provide support to an area based multidisciplinary team to deliver Council's policies and legislative responsibilities in relation to health and building functions.

Key accountabilities

- Oversee the allocation of work, monitor work practices of staff within the team to ensure consistency and accuracy in regards to the application of health and building policies and procedures.
- Support the operational needs of a multidisciplinary team of health and building professionals.
- Assist the Area Manager in review of completed works such as finalizing investigations, correspondence, notices, orders, certificates, exemptions and penalty infringements to ensure: technical correctness, consistency and appropriate application of enforcement policy/guidelines.

- Comply with and keep abreast of any relevant legislation applicable to the performance of the duties of this position.

Key challenges

- Assist the area manager to ensure KPI's are effectively managed and achieved including the delivery of effective and efficient public health and safety outcomes within multi-disciplinary team in a highly regulatory environment.
- Assist the area manager and technical officers in problem-solving successful compliance outcomes within a fluid regulatory environment.
