

SCHOLARSHIPS FOR ENTRY IN 2020

Quality education for girls ensures that the world has diversity of thought, a perspective that values collaboration and the benefit of the talent, creativity and ideas of half of the world's population.

STEAM (Science, Technology, Engineering, Arts, Mathematics) in education is crucial in preparing the next generation of Camberwell girls. It will allow them to create jobs that will grow the economy. Our girls need to develop a broader set of skills for life in a global community. Opportunities to develop the 21st Century skills of creativity, innovation, collaboration, communication, global empathy and knowing yourself are all priorities in educating for the future.

The School's focus is to ensure that Camberwell girls are lifelong learners, productive global citizens, compassionate leaders and catalysts for change. Each girl should be committed to making a difference to the lives of others, not only when they leave school but also today.

As part of our scholarship process, all candidates sit the Scholarship Examination on **Saturday 16 February 2019** and must also attend the Scholarship Interactive Evening on **Wednesday 13 February 2019, 5.30pm – 7.00pm**.
