CREATE YOUR TOMORROW

Camberwell Girls Grammar School
An Anglican School
We recognise the importance of enabling Camberwell girls to be in charge of their own learning and futures and therefore, we are building a culture where students have a mindset focused on creating their tomorrow.

We are constantly building new programs, experiences and opportunities both in and out of the classroom so that Camberwell girls can experience, understand, value and develop the skills needed for their futures.

We know when our girls graduate they leave as global citizens who are lifelong passionate learners, empathic leaders and catalysts for change in the world.

A Camberwell Girls education is holistic, highly personal and a world-class experience.

Create Your Tomorrow at Camberwell Girls Grammar School.
Our Anglican School was founded in 1920 in the Hall of St Mark’s Church, Camberwell. This rich heritage and strong Christian foundation remains a cornerstone of our School today.

Belonging matters. We are extremely proud of our diverse, multicultural and highly inclusive community. Our staff, girls, old grammarians and families, both past and present, all actively participate in the life of our School.

As a community we wholeheartedly live the School’s values of integrity, commitment and respect. Participation and team spirit abound and our strong culture drives everybody to strive for excellence.
It’s true, our girls make friends for life... within their year level and across year levels. It’s just what happens at Camberwell Girls.

Strong relationships with teachers fosters a high level of support and guidance.

Our Wellbeing Team have specifically developed a unique series of programs to ensure that each of our girls can establish her own identity, meet challenges confidently and find purpose and joy in all she does. This ultimately leads to the building of quality relationships, which in turn creates an extremely inclusive, connected and respectful community.
The key to a world-class education is innovative and passionate educators.

We have a team of highly qualified professionals who have a genuine passion for education and a true understanding of how girls learn best.

Our educators are leaders who set high standards and expect the best of every girl. They sustain a vibrant and happy school by creating a positive, enjoyable and respectful classroom environment. They know their students, challenge and encourage them to take responsibility for their own learning. This builds resilience, independence and confidence.

At Camberwell Girls our girls learn from the very best.
From exploring space inside an igloo to a virtual tour of the Great Barrier Reef, our girls fully experience their education. Every day they are participating in learning like never before.

Our Next Generation Learning Program underpins all that we do. A modern style of teaching and learning, it is student-centred, collaborative, flexible and dynamic.

It is a style of learning that encourages our girls to extend their understanding in our technology and information-rich environment. It is focussed on preparing students for their future. As a result, our girls and staff are connecting and collaborating with different communities worldwide.

Camberwell Girls is leading the way in the delivery of education enabled by technology.
DEVELOP A CURIOUS MIND

Exploring the physics of everyday objects, creating masterpieces or trading stock, our curriculum is diverse and challenging. It plays a significant role in assisting our girls to identify their interests and strengths.

Camberwell girls develop a love of learning from the earliest years. They are academically motivated and hold depth of knowledge in many areas. They know how to think critically and creatively and are highly competent in research, writing, communication and the use of ICT. They leave the School with global perspectives and a determination to pursue their dreams.
GO ON AN ABSEILING ADVENTURE

From abseiling down a cliff face to snorkelling with seals, our Education Outdoors Program provides enriching experiences to challenge our girls in a safe and supportive environment.

Commencing in Year 3 and continuing through to Year 10, this program is a vital component of our curriculum. Our Education Outdoors Program builds personal, social, physical and spiritual development.

We live in the lucky country and enjoy seeing our girls finding courage outside of their comfort zones whilst in the great outdoors.
Whether you’re receiving a standing ovation for performing in a musical or shooting hoops like a pro, Camberwell Girls has something for every girl.

We know first-hand the benefits of a balanced lifestyle and therefore opportunities to participate in activities outside the classroom are endless.

With over 60 offerings, including performing arts, sport, debating, design, special interest clubs and the Duke of Edinburgh Program, our girls are continually trying something new. As a result they are constantly discovering hidden strengths and talents.
From floating in zero gravity at NASA Space Camp or living with a family in France, we offer many opportunities for our students to learn outside of Melbourne.

Our Study Tours and Exchange Programs are made possible through strong global and local networks. Partnerships exist with schools throughout Australia, China, France, Germany, Singapore and the United Kingdom.

Being immersed in new cultures, Camberwell girls build independence, maximise their learning and gain a global perspective.
Volunteering at a school in Cambodia, preparing birthing kits for Africa, raising funds for youth homelessness... these are just a few cases highlighting how Camberwell girls have been living the School Motto - Utilis in Ministerium (Useful in Service) for almost 100 years.

Our Social Justice Program raises consciousness about injustice, encourages empathy and allows our girls to take action.

Camberwell girls know that their education empowers them to lead with humility and inspires them to make a difference by contributing to building a better world.
Commitment to Child Safety

All students who attend Camberwell Girls Grammar School (CGGS) have a right to feel and to be safe. The wellbeing and safety of all students in our care is our first priority and we have zero tolerance to child abuse.

The protection of students is the responsibility of everyone who is employed at, or is engaged by CGGS in child-connected work. To ensure the safety and best interests of all students, we take into account the needs of those with an Aboriginal or Torres Strait Islander heritage, those from culturally and/or linguistically diverse backgrounds and those with a disability.
