Please note: To attend this event you must have registered attendance through the TryBooking link above. Parents are not required to attend the Scholarship Interactive Evening, only students (scholarship candidates).

In preparing Camberwell girls for successful lives, the School's Motto *Utilis in Ministerium* (Useful in Service) guides our direction. Our focus is to ensure that Camberwell girls are lifelong learners, productive global citizens, compassionate leaders and catalysts for change. Each girl should be committed to making a difference to the lives of others, not only when they leave school, but also today.

Quality education for girls ensures that the world has diversity of thought, a perspective that values collaboration and the benefit of the talent, creativity and ideas of half of the world's population.

STEAM (Science, Technology, Engineering, Arts, Mathematics) in education is crucial in preparing the next generation of Camberwell girls. It will allow them to create jobs that will grow the economy. We want our students to develop entrepreneurial skills and we know that they will need to create their own opportunities in the future.

Our girls need to develop a broader set of skills or enterprise skills for life in a global community. Opportunities to develop the 21st Century skills of creativity, innovation, collaboration, communication, global empathy and knowing yourself are all priorities in educating for the future.

In order for us to get to know candidates and their broad range of skills, and as part of our scholarship process, all candidates are required to attend the Scholarship Interactive Evening on Wednesday 13 February 2019, 5.30pm to 7.00pm in addition to the scholarship exam, to be considered for a scholarship at CGGS.

During the evening senior members of the Leadership Team will have the opportunity to meet scholarship candidates. Students will be undertaking a number of collaborative problem-solving and communication activities supervised by our staff.

Camberwell Girls Grammar School (CGGS) complies with Commonwealth Privacy Act and Australian Privacy Principles. Information collected is only used for the purpose for which it is collected. CGGS is committed to child safety.
