

MAJOR PROJECT

# VRC TICKET BOOTHS

Stoddart Infrastructure put the flexibility of one of its flagship designs to the test when working closely with the Victorian Racing Club (VRC) to install a suite of Ticket Booths and a Staff Kiosk at Flemington Racecourse.

These fantastic adaptations of the Stoddart Infrastructure Evo Shelter feature full glass panelling, security doors, sliding windows, and are further brought to life through the application of contravision decals. The final products are a fitting testament to Stoddart Infrastructure's ability to create innovative infrastructure solutions for any client.
