1. INTRODUCTION

Councils are required to raise revenue for governance, administration and the delivery of goods and services to the community.

Council's major source of revenue is Rates, derived as a tax on land within the Council area. All ratepayers receive benefits from paying rates, but those benefits are consumed in different quantities and types over the life of the ratepayer.

This document sets out the policy of the City of Mount Gambier ("Council") for setting and collecting rates from its community.

2. PURPOSE

Chapter 10 of the *Local Government Act 1999* ("the Act") prescribes Council's powers to raise rates. The Act provides the framework within which the Council must operate, but also leaves room for the Council to make a range of policy choices. This document includes reference to:

- Compulsory features of the rating system.
- The policy choices that the Council has made on how it imposes and administers the collection of rates.

3. SCOPE

Strategic Focus

In determining a suitable Rating Policy, Council has taken into consideration:

- The Council's Strategic Management Plan
- Council's Long Term Financial Plan
- Council's Annual Business Plan and Budget
- Council's Treasury Management and Debt Strategy
- Required funding for future Asset Replacement (Infrastructure and Asset Management Plan)
- The current economic climate of our City and its district
- The specific issues faced by our community
- The impact of general rate increases upon our community, either generally or for specific classes of the community
- The impact of rates on our community and the need to balance our community's capacity to pay with the needs and desires of the wider interests that form our community.

There will continue to be economic pressures applying to the Council in a number of ways that will have an impact on the Council's budget and as a result will place pressure on rates.

4. POLICY STATEMENT

4.1 Communication of the Policy

Section 123 of the Local Government Act 1999 requires a Council to prepare an Annual Business Plan and Budget. As per Section 123 (2) (d) of the Act, the Annual Business Plan must set out the rates structure and policies for the financial year. A summary of the Annual Business Plan must be included with the first rates notice.

4.2 Method Used to Value Land

Councils may adopt one of three valuation methodologies to value the properties in their areas. They are:

- Capital Value – the value of the land and all the improvements on the land.
- Site Value – the value of the land and any improvements which permanently affect the amenity of use of the land, such as drainage works, but excluding the value of buildings and other improvements.
- Annual Value – a valuation of the rental potential of the property.

The City of Mount Gambier has decided to continue to use Capital Value as the basis for valuing land within the Council area. The Council considers that this method of valuing land provides the fairest method of distributing the rate burden across all ratepayers because property value is considered a reasonable indicator of income and capital value, which closely approximates the market value of a property and provides the best indicator of overall property value.

4.3 Adoption of Valuation

The City of Mount Gambier will adopt the most recent valuations made by the Valuer-General. If a ratepayer is dissatisfied with the valuation made by the Valuer-General then the ratepayer may object to the Valuer-General in writing, within 60 days of receiving the notice of the valuation, explaining the basis for the objection, provided they have not:

- Previously received a notice of this valuation under the Local Government Act, in which case the objection period is 60 days from the receipt of the first notice; or
- Previously had an objection to the valuation considered by the Valuer-General.

The address of the Office of the Valuer-General is:

State Valuation Office GPO Box 1354

4.4 Objection to Valuation and/or Land Use

A person may object to a valuation of the Valuer-General by notice in writing, setting out the reasons for the objections, and the Valuer-General must consider the objection. If the person then remains dissatisfied with the valuation the person has a right to a review. Applications must be made within 21 days of receipt of the notice of the decision (in relation to the objection) from the Valuer-General. A payment of the prescribed fee for the review to be undertaken together with the review application must be lodged in the State Valuation Office, who will then refer the matter to an independent Valuer. If the person remains dissatisfied with the valuation then they may apply to the South Australian Civil and Administrative Tribunal (SACAT) for a review of the decision.

The address of the Office of the Valuer-General is:

State Valuation Office GPO Box 1354
ADELAIDE SA 5001
Email: LSGObjections@sa.gov.au
Phone: 1300 653 345

The Council has no role in the valuation review process & the lodgement of an objection does not change the due date for payment of rates.

4.5 Notional Values

Certain properties may be eligible for a notional value under the Valuation of Land Act 1971. This can relate to certain primary production land or where there is State heritage recognition. A notional value is generally less than the capital value and generally results in a reduced rate liability being incurred.

Application by the ratepayer for a notional value must be made to the Office of the Valuer-General.

4.6 Business Impact Statement

Current Economic Environment

Council will consider the impact of rates on all businesses in the Council area, including industry, commercial and primary production sections. In considering the impact, Council will assess the following matters:

- Those elements of Council's Strategic Management Plan relating to business development.
- Relevant economic forecast reports.
- Council's recent development approval trends.

 City of Mount Gambier	R105 RATING POLICY	Version No:	10.0

		Next Review:	May 2020

- The operating and capital projects and new programs for the coming year that will principally benefit industry and business development.
- Valuation changes.
- Consumer Price Index (CPI) and Local Government Price Index (LGPI) Movements.

Council recognises the importance of supporting and encouraging a diverse and healthy business sector.

4.7 Council's Revenue Raising Powers

All land within a council area, except for land specifically exempt (e.g. Crown land, Council occupied land and other land prescribed in the Local Government Act – refer Section 147 of the Act), is rateable. The Local Government Act provides for a Council to raise revenue for the broad purposes of the Council through a general rate, which applies to all rateable properties, or through differential general rates, which apply to classes of properties. In addition, Council can raise separate rates, for specific areas of the Council or service rates or charges for specific services. The Council also raises revenue through fees and charges, which are set giving consideration to the cost of the service provided and any equity issues. The list of applicable fees and charges is available at the Mount Gambier Civic Centre, 10 Watson Terrace, Mount Gambier or on our website at www.mountgambier.sa.gov.au. A Goods and Services Tax at a rate determined under the Goods and Services Tax Act 1999 will be charged on those fees not given exemption under the Act.

4.8 Fixed Charge

Council has decided that a component of the total rate will be a fixed charge on every rateable property. The fixed charge will affect all ratepayers and will raise slightly less than one half of total rate revenue (before rebates and remissions).

Section 152 of the Act provides for a fixed charge component of rates. Council's reasons for including a fixed charge component are:

- To be able to deliver a range of services to the community, Council must maintain a range of internal support and administrative services. No particular group of ratepayers benefit more than any other group of ratepayers by the provision of the support and administrative services.
- The Council therefore considers it appropriate that all ratepayers contribute equally to the cost of administering Council's activities and services.

The fixed charge will affect all ratepayers and is set to raise slightly less than one half of total rate revenue.

The fixed charge is uniformly paid by each ratepayer, irrespective of capital value, has the effect of limiting the impact changes in valuation have on individual assessments.

Where two or more adjoining properties have the same owner and occupier only one fixed charge is payable by the ratepayer.

4.9 Differential General Rates

In addition to the use of a Fixed Charge, the Local Government Act 1999, allows councils to differentiate rates based on the use of the land, the locality of the land or on the use and locality of the land. Current categories of land use defined by the Local Government (General) Regulations 1999 are:

1. Residential
2. Commercial-Shops
3. Commercial-Office
4. Commercial-Other
5. Industrial-Light
6. Industrial-Other
7. Primary Production
8. Vacant Land
9. Other.

4.10 Land Use

Land use is a factor to levy differential rates. If a ratepayer believes that a property has been wrongly classified as to its land use, then an objection in writing may be made within 60 days of being notified of the land use classification.

The address of the Office of the Valuer-General is:

Office of the Valuer-General
GPO Box 1354
ADELAIDE SA 5001
Email: lsgobjections@sa.gov.au
Phone: 1300 653 345

Note: Lodgement of an objection does not change the due date for the payment of rates.

4.11 Minimum Rate

Council does not use the minimum rate provisions, instead Council uses the combination of fixed charge and valuation based rating.

4.12 Natural Resource Management Levy

The Council is in the South East Natural Resource Management Board area and is required under the NRM Act to make a specified annual contribution to the South East NRM Board. As such, Council collects the levy on behalf of the State Government for no gain to Council.

The Council is simply operating as a revenue collector for the South East Natural Resource Management Board in this regard. It does not retain this revenue nor determine how the revenue is spent.

4.13 Cost of Living Concessions

Pensioners or Self-Funded Retirees may be entitled to a cost of living concession. The cost of living concession helps those on low or fixed incomes with their cost of living expenses, whether that be electricity, gas, water bills or council rates.

4.15 Late Payment of Rates

The Local Government Act provides that Councils impose a penalty of 2% on any payment for rates, whether instalment or otherwise, that is received late. A payment that continues to be late is then charged an interest rate, set each year according to a formula in the Act, for each month it continues to be late. Interest charged on late payments is charged on both the amount of the rate arrears and any interest that has previously been imposed. The purpose of this penalty is to act as a genuine deterrent to ratepayers who might otherwise fail to pay their rates on time, to allow councils to recover the administrative cost of following up unpaid rates and to cover any interest cost the Council may incur because it has not received the rates on time.

The City of Mount Gambier imposes late payment penalties strictly in accordance with the Local Government Act. The ability to remit penalties in whole or part is a power vested in Council. At the City of Mount Gambier each case will be considered on its merit based on the information provided.

4.16 Debt Recovery

Council has determined that Rate Payments will be applied in accordance with the provisions of Section 183 of the Act.

When Council receives a payment in respect of overdue rates the Council applies the money received in accordance with Section 183 of the Local Government Act, as follows:

- Firstly – to satisfy any costs awarded in connection with court proceedings
- Secondly – to satisfy any interest costs
- Thirdly – in payment of any fines imposed; and
- Fourthly – in payment of rates, in date order of their imposition (starting with the oldest account first).

4.17 Rebate of Rates - Mandatory

The Local Government Act requires councils to rebate the rates payable on some land uses. Specific provisions are made for land used for health services, community services, religious purposes, public cemeteries, the Royal Zoological Society and educational institutions. These rebates vary from 25% to 100% and will be applied upon application and on verification.

4.18 Rebate of Rates - Discretionary

The Local Government Act 1999 enables Council (upon application and subject to certain eligibility criteria) to grant discretionary rebates of up to 100% for land used for the purposes of a community benefit and that meet certain legislative and Council Policy criteria.

Council (by Policy) has agreed to grant specific Rate Rebates pursuant to the said Act.

Councils Rate Rebate Policy (incorporating Rate Rebate Application) is available from the Council website - www.mountgambier.sa.gov.au.

4.19 Rate Relief Options

 City of Mount Gambier	R105 RATING POLICY	Version No:	10.0
		Issued:	13 May, 2019
		Next Review:	May 2020

- 4.19.1 Where an owner/occupier/principal place of residence property with a Category 1 (Residential) Land Use experiences an increase in general rates payable, for the preceding financial year as compare to the general rates payable for the current financial year (excluding any rebates/remissions) and where that increase, in monetary terms, is greater than 15%.

The amount of the rate rebate is the amount of gross rates for the current year over and above the calculation referred to above. I.e. the difference (in monetary terms) between the general rates imposed in the preceding financial year plus 15%. (All calculations referenced herein are gross rates figures. I.e. exclusive of any rebates/remissions/concessions).

The rebate will not apply where:

- (a) Any such increase is due in whole or part to an increase in valuation of the land in the Assessment because of improvements made to it worth more than \$20,000. or
- (b) Any such increase is in whole or part because the zoning or land use category of the land has changed. or
- (c) Any such increase is due in full or part to the use of the land being different for rating purposes on the date the Council declared its general rates for the current financial year than on the date the Council declared its general rates for the preceding financial year. or
- (d) The ownership of the rateable property has changed since 1st July in the preceding financial year i.e. the residential property has changed ownership and the new owners have purchased the residential property at the new current market value. or
- (e) The subject property boundary(s) have been altered in some way e.g. subdivision, boundary alignment etc. i.e. the subject property is not the exact same property, for valuation purposes, as assessed in the previous financial year. or
- (f) Other factors considered relevant by the Chief Executive Officer that do not warrant the granting of the discretionary rate rebate.

The rebate will only apply to:

- (a) A ratepayer in respect of their principal place of residence only, excluding second and subsequent properties and all other non principal place of residence properties.
- (b) The current financial year only then subject to an annual review.

Where an entitlement to a Residential Rate Capping ceases or no longer applies during the course of a financial year, the Council is entitled to recover full rates for the financial year.

The City of Mount Gambier enforces the sale of land for non-payment of rates after 3 years or more in accordance with the provisions of the Act.
