

Works Notice

October 2019

Site investigations between Fairfield and Yeronga stations

During November 2019, the UNITY Alliance will be undertaking work within the rail corridor between Fairfield and Yeronga stations to prepare for construction of the Cross River Rail project.

Details of work

The activities outlined below are scheduled to occur intermittently between 9 and 11 November 2019, weather and construction conditions permitting. These activities will occur outside the project's normal working hours but are timed to fit with existing Queensland Rail works, as outlined below:

Location	Date and hours of work	Type of work
<ul style="list-style-type: none">Fairfield stationYeronga stationRail corridor between Fairfield and Yeronga stations	Between 3:00am Saturday 9 November and 3:00am Monday 11 November	<ul style="list-style-type: none">Survey and identification of utilities such as water, electricity and gasInspections of station buildings and platformsUnderground rock and soil investigations around station precincts.

What to expect

During construction, you may notice some minor disruptions such as:

- Increased levels of localised noise and dust from the use of machinery such as drill rigs, vacuum excavation trucks and excavators
- Increased construction vehicle movements on local roads and within the project corridor
- Delivery of plant, materials and equipment to the project corridor.

Workers may arrive onsite one hour prior to the planned start time to prepare for the day's activities. Every effort will be made to keep disruption to a minimum for nearby residents and businesses, this includes:

- Maintaining access to residents' properties
- Keeping higher noise-generating activities to the earlier stages of shifts wherever possible
- Ensuring plant / equipment used has been maintained
- Minimising light spill by directing light-generating plant and equipment away from residences
- Conducting toolbox talks with work crews to remind them of out of hours work protocols (no unnecessary noise).

We appreciate your patience during the construction period and will continue to update you as work progresses.

Project information

The UNITY Alliance consists of the Cross River Rail Delivery Authority, Queensland Rail, CPB Contractors, UGL, AECOM and Jacobs. The UNITY Alliance will design, supply and install the supporting rail system and integration of Cross River Rail into Queensland Rail's train network. The UNITY Alliance will also deliver new stabling facilities at Mayne Yard and upgrades to Exhibition, Fairfield, Yeronga, Yeerongpilly, Moorooka, Rocklea and Salisbury stations.

Subscribing to receive Project Updates and information on construction works is a convenient way to keep up to date with the project and work happening in your area. To subscribe, simply visit the Cross River Rail website and look for the subscription area at the bottom of every page.
