

Works Notice

FEBRUARY 2020

Boggo Road station construction update

Site establishment activities, piling and utility relocations continue at the Boggo Road station site as part of the Cross River Rail project.

Construction activities continue

Throughout March 2020 activities on site will include:

- piling activities
- installation of permanent site fencing
- delivery and construction of site office buildings and worker facilities on Boggo Road
- construction of internal roads and concrete paths
- earthwork activities
- deliveries of machinery and equipment
- utility relocation work
- removal of parking on the northern side of Boggo Road.

During the delivery and installation of the site office buildings there may be short delays for pedestrians using the pedestrian pathway from Boggo Road Busway to Boggo Road. Every effort will be made to keep disruption to a minimum.

Utility investigations and CCTV inspections

From March, surveyors and other workers may be seen in several locations around Dutton Park station and Boggo Road. This may include Peter Doherty Street, Railway Terrace, Dutton Street, Rawnsley Street, Pound Street, Kent Street, Cope Street, Noble Street, Sampson Street and Annerley Road near Cornwall Street in Dutton Park.

This work will include:

- CCTV inspections and pressure cleaning of water and sewer infrastructure
- geotechnical investigations using a truck-mounted drill rig to take samples of ground/soil conditions
- utility investigation and reinstatement activities

- the use of survey equipment, vacuum excavation trucks, road saws, small excavators, tipper trucks, compactors, truck-mounted geotechnical drilling rigs and specialist CCTV vehicles.

Outlook Park

During March, work will continue to relocate play equipment to the temporary Outlook Park location which will be located closer to Dutton Park State School.

Road realignment

During March, Boggo Road and Joe Baker Street will be realigned and Joe Baker Street will become one-way to traffic. More information regarding this traffic change will be provided shortly.

Weekend work in the rail corridor

Investigation works will occur in the rail corridor during March. Some of these activities will occur outside the project's normal working hours and have been timed to occur during planned Queensland Rail weekend track closures.

Utility relocation work

Utility service relocation work on Joe Baker Street and Boggo Road has commenced and will continue over the coming months. Some of this work will be performed by the relevant asset owner/s.

Work will include:

- Sawcutting sections of the footpath and excavating trenches to install electrical pits
- Intermittent interruptions to local traffic and lane closures under the direction of traffic control
- Temporary pedestrian access changes along Joe Baker Street and Boggo Road.

Property access will be maintained at all times during these works.

Interruptions to power, telecommunications, or gas supply

Some work may require temporary interruption to services. The community will be notified by the service provider where required. Outages can also be monitored through service provider's websites:

Energex: energex.com.au/home/power-outages/planned-maintenance-outages

Telstra: outages.telstra.com.au

Queensland Urban Utilities (QUU):
urbanutilities.com.au/faults-and-interruptions Work hours

Work hours

Work will generally occur **between 6:30am and 6:30pm, Monday to Saturday**, weather and construction conditions permitting.

However, some work may be required at night due to traffic restrictions and to maintain the safety of the community and our workers. We will notify nearby residents of night work.

Workers may arrive onsite one hour prior to the work start times to prepare for the shift's activities.

What to expect

Nearby businesses and residents can expect:

- An increase in construction workers and vehicles in the area
- A potential increase in noise, dust and vibration. These impacts will be reduced as much as possible
- Trucks delivering machinery and materials to the work site
- Temporary changed pedestrian access
- Temporary changed traffic conditions including lane closures.

Work is subject to relevant approvals and suitable weather conditions.

All efforts are made to reduce impacts to the community in close proximity to project work. If you have any questions about the project, call **1800 010 875** to speak to a member of the Cross River Rail Tunnel & Stations team.

Subscribing to receive Project Updates and information on construction works is a convenient way to keep up to date with the project and work happening in your area. To subscribe, simply visit the Cross River Rail website and look for the subscription area at the bottom of every page.
