

Works Notice

March 2020

Construction update Fairfield to Yeronga stations

Over the Easter long weekend in April 2020, the UNITY Alliance will continue work within the rail corridor between Fairfield and Yeronga stations for construction of the Cross River Rail project.

Details of work

The activities outlined below are scheduled to occur between Friday 10 April and Sunday 12 April 2020, weather and construction conditions permitting. These activities will occur outside the project's normal working hours:

Location	Date and hours of work	Type of work
Mildmay Street and Equity Street near Fairfield station Fairfield Road and Lake Street near Yeronga station (see maps over page)	Intermittently between 12:00am Friday 10 and 11:59pm Sunday 12 April 2020	<ul style="list-style-type: none"> • Installation of new overhead electrical masts • Modification to retaining walls at Fairfield station • Temporary lane closures with traffic control at Fairfield and Yeronga stations.

Signage will be in place to direct motorists, pedestrians and cyclists around works areas. Please observe the directions of traffic control while passing through the area.

What to expect

During these works you may notice some intermittent disruptions such as:

- Light vehicles, trucks and machinery including excavators, mobile cranes, small power tools, drills, saws, minor vibrating equipment and mobile lighting towers to light the work areas at night
- Temporary traffic changes and reduced speeds
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Some noise, vibration and dust associated with the use of heavy machinery and equipment
- Placement of temporary fencing around construction areas.

Every effort will be made to keep disruption to a minimum for residents and businesses in proximity to the project site, including:

- Maintaining access to residents' properties
- Keeping higher noise-generating activities to the earlier stages of night shifts wherever possible
- Ensuring plant / equipment used has been maintained (including noise control devices)
- Minimising light spill by directing light-generating plant and equipment away from residences
- Conducting toolbox talks with work crews to remind them of out of hours work protocols (no unnecessary noise).

We appreciate your patience during construction and will continue to update you as work progresses.

Cross River Rail is Queensland's largest rail infrastructure project. Works are outside of peak times to minimise disruption, so if travelling on weekends, or after 9pm on weeknights, plan your journey at translink.com.au, or call 13 12 30.

Fairfield station – Temporary traffic changes 2:00am Friday 10 to 12:00pm Saturday 11 April

Yeronga station – Temporary traffic changes 5:00pm Saturday 11 to 12:00pm Sunday 12 April
