

Works Notice

MAY 2020

Boggo Road station construction update

Site establishment activities, utility relocations and piling work continue at the Boggo Road station site as part of the Cross River Rail project.

Construction activities continue

Throughout May, activities on site will include:

- drilling and pouring piles
- installing a capping beam to secure the piles together
- start of excavation within the station box
- removal of excavated material from site by trucks
- installation of permanent site fencing
- delivery and construction of site office buildings and worker facilities on Boggo Road
- construction of internal roads and concrete paths
- earthwork activities
- machinery and equipment deliveries
- environmental monitoring and geotechnical investigations
- Sheet piling to install a temporary retaining system. *Sheet piling involves using vibration to drive metal sheets into the ground to form a barrier*

Outlook Park

The temporary relocation of Outlook Park was completed in April. Pieces of play equipment were able to be reused and a new undercover seating area has been constructed. Outlook Park will be opened in the coming months.

Boggo Road Busway realignment

During May, the Boggo Road Busway lanes will be realigned for a short distance in the vicinity of the Boggo Road busway station adjacent to Park Road railway station. This will enable a section of the Busway retaining wall to be safely demolished and further project activities such as excavation for the Boggo Road station 'box' to start. Several lighting poles will also be relocated.

This work will be undertaken at night to eliminate disruptions to Busway services. Nearby residents and businesses will be notified prior to the night work.

During delivery and installation of the site office buildings there may be short delays for pedestrians using the pedestrian pathway from Boggo Road Busway to Boggo Road.

Service relocations

Utility service relocation work on Joe Baker Street and Boggo Road will continue over the coming months. Some of this work will be performed by the relevant asset owner/s.

Activities will include:

- saw cutting sections of footpath and excavating trenches in Joe Baker Street and Boggo Road to install water and sewer infrastructure
- intermittent interruptions to local traffic and lane closures under the direction of traffic control
- temporary closure of all car parking spaces along the western side of Joe Baker Street for the duration of the work
- temporary pedestrian access changes along Joe Baker Street and Boggo Road. Pedestrians will be temporarily diverted to the walkway between Ecosciences and Boggo Road Goal.

Property access will be maintained at all times during work. Motorbike parking on Joe Baker Street will remain open.

Service investigations and CCTV inspections

Throughout May, workers may be seen around Dutton Park station and Boggo Road. This is inclusive of Peter Doherty Street, Railway Terrace, Dutton Street, Rawnsley Street, Pound Street, Kent Street, Cope Street, Noble Street, Sampson Street and Annerley Road near Cornwall Street in Dutton Park.

Investigation activities will include:

- CCTV inspections and pressure cleaning of water and sewer infrastructure
- geotechnical investigations using a truck-mounted drill rig to take samples of ground/soil conditions
- utility investigation and reinstatement activities.

This work will use equipment such as vacuum excavation trucks, road saws, small excavators, tipper trucks, compactors, truck-mounted geotechnical drilling rigs and specialist CCTV vehicles.

Register to receive free SMS messages

The Cross River Rail Tunnel & Stations contractor will be sending free SMS messages prior to high impact tunnelling activities and selected night work. There will be no cost to receive these messages.

To subscribe to this service, please send your name and phone number to crossriverrail@cbgujv.com.au or via text message to 0419 679 314 (message and data rates may apply).

Personal information collected by Cross River Rail Tunnel & Stations for the purposes of SMS services will be managed in accordance with the Information Privacy Act 2009 (QLD).

All efforts are made to reduce impacts to the community in close proximity to project work. If you have any questions about the project, call **1800 010 875** to speak to a member of the Cross River Rail Tunnel & Stations team.

Subscribing to receive Project Updates and information on construction works is a convenient way to keep up to date with the project and work happening in your area. To subscribe, simply visit the Cross River Rail website and look for the subscription area at the bottom of every page.

What to expect

Nearby businesses and residents can expect:

- an increase in construction workers and vehicles in the area
- an increase in truck movements to and from the Boggo Road station site
- a potential increase in noise, dust and vibration
- intermittent maintenance activities such as refuelling
- trucks removing and delivering machinery and materials to the work site
- temporary changed pedestrian access
- temporary changed traffic conditions including lane closures.

Work is subject to relevant approvals and suitable weather conditions.

Work hours

Work will generally occur **between 6:30am and 6:30pm, Monday to Saturday**, weather and construction conditions permitting.

Some work may be required at night due to traffic restrictions and to maintain the safety of the community and our workers. We will notify nearby residents of night work.

Workers may arrive onsite one hour prior to the work start times to prepare for the shift's activities.

Interruptions to power, telecommunications, or gas supply

Some work may require temporary interruption to services. The community will be notified by the service provider where required. Outages can also be monitored through service provider's websites:

Energex: energex.com.au/home/power-outages/planned-maintenance-outages

Telstra: outages.telstra.com.au

Queensland Urban Utilities (QUU):
urbanutilities.com.au/faults-and-interruptions

Have your say

CBGU JV invites you to take part in our online survey to provide feedback on the way we are communicating and performing within the communities we operate.

The survey will close on 31 May 2020.

To take part in the survey:

Go to crossriverrail.qld.gov.au and follow the 'have your say' prompts

Contact the Tunnel & Stations team on **1800 010 875**
