Works Notice

Works between Roma Street and Exhibition stations

During July 2020, the UNITY Alliance will continue work within the rail corridor between Roma Street and Exhibition stations for construction of the Cross River Rail project.

Details of work
The activities outlined below are scheduled to occur between Saturday 18 July 2020 and Monday 27 July 2020, weather and construction conditions permitting. These activities will occur outside the project’s normal working hours but are timed to take place within a planned weekend track closure, as outlined below:

<table>
<thead>
<tr>
<th>Location</th>
<th>Date and hours of work</th>
<th>Type of work</th>
</tr>
</thead>
</table>
| Rail corridor from Roma Street station to Exhibition station | Intermittently between 2:00am Saturday 18 July 2020 and 2:00am Monday 20 July 2020 | • Earthworks and drainage installation  
• Track removal  
• Installation of under track crossings  
• Preparation for bridge pier protection works (piling) near Victoria Park land bridge  
• Inspection walks |
| Rail corridor from Roma Street station to Exhibition station | Intermittently between 10:00pm and 4:00am Tuesday 21 July 2020 to Friday 24 July 2020 | • Track maintenance  
• Track removal |
| Rail corridor from Roma Street station to Exhibition station | Intermittently between 2:00am Saturday 25 July 2020 and 2:00am Monday 27 July 2020 | • Track removal  
• Earthworks and drainage installation  
• Installation of under track crossings  
• Bridge pier protection works (piling) near Victoria Park land bridge  
• Geotechnical investigations |

What to expect
During these works you may notice some intermittent disruptions such as:
- Light vehicles, trucks and machinery including excavators, mobile cranes, piling rig, small power tools, drills, saws, minor vibrating equipment, survey equipment and mobile lighting towers to light the work areas at night
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Access to site via Victoria Park access road from Gregory Terrace, Spring Hill
- Some noise, vibration and dust associated with the use of heavy machinery and equipment
- Placement of temporary fencing around construction areas.
Every effort will be made to keep disruption to a minimum for residents and businesses in proximity to the project site, including:

- Maintaining access to residents' properties
- Keeping higher noise-generating activities to the earlier stages of night shifts wherever possible
- Ensuring plant / equipment used has been maintained (including noise control devices)
- Minimising light spill by directing light-generating plant and equipment away from residences
- Conducting toolbox talks with work crews to remind them of out of hours work protocols (no unnecessary noise).

We appreciate your patience during construction and will continue to update you as work progresses.

Cross River Rail is Queensland’s largest rail infrastructure project. During construction of this project, there may be some disruption to your normal services, so plan your journey at translink.com.au or call 13 12 30.
