

# Works Notice

January 2021

## Weekend rail corridor works: Northern Tunnel Portal

The Cross River Rail team will be working in the rail corridor for extended periods at the Northern Tunnel Portal construction site in January 2021.

| Location               | Date and hours of work  | Type of work   |
|------------------------|---|--|
| Northern Tunnel Portal | <ul style="list-style-type: none"> <li>Intermittently between 2:00am Saturday 23 and 2:30am Monday 25 January 2021</li> <li>Intermittently between 2:00am Saturday 30 January and 11:59pm Sunday 31 January 2021</li> </ul> | <ul style="list-style-type: none"> <li>Survey and installation of monitoring points</li> <li>Piling and associated activities</li> <li>Installation of fencing</li> <li>Installation of overhead rail structures and electrical wiring</li> <li>Sewer relocation activities within Victoria Park, rail corridor and Inner City Bypass (ICB). Please refer to the separate notification (#228) for more information about this activity.</li> </ul> |

#269

## Work hours

Work will occur intermittently during the following periods:

- Intermittently between 2:00am Saturday 23 and 2:30am Monday 25 January 2021
- Intermittently between 2:00am Saturday 30 January and 11:59pm Sunday 31 January 2021.

These works have been timed to occur during an existing Queensland Rail track possession. Work is subject to relevant approvals and suitable weather conditions.

## What to expect

During this work, you can expect:

- Increased levels of localised noise, lighting and dust from the use of machinery
- Vehicle movements on local roads and within the rail corridor. Access to the site will be via Gregory Terrace
- Workers may arrive onsite to prepare one hour prior to the planned start time

For more information about the sewer relocation work, please refer to the separate notification (#228).

Every effort will be made to keep disruption to a minimum for neighbours, including:

- Carrying out high impact activities during daylight hours where possible
- Ensuring plant and equipment has been maintained appropriately
- Utilising dust mitigation measures including water carts and sweepers where possible
- Conducting toolbox talks with work crews to reinforce out-of-hours work protocols.

## Project information

Cross River Rail is Queensland's largest rail infrastructure project. Works are outside of peak times to minimise disruption, so if travelling on weekends, or after 9pm on weeknights, plan your journey at [translink.com.au](http://translink.com.au), call 13 12 30 or download the MyTransLink App.

To subscribe for project updates, visit [www.crossriverrail.qld.gov.au](http://www.crossriverrail.qld.gov.au) and follow the sign-up prompts at the bottom of each page. If you have any questions at any time you can call **1800 010 875** to speak to a member of the Cross River Rail Tunnel and Stations contractor team.
