May 2021

Shorncliffe Line: Trackside signalling work

Hitachi Rail is continuing construction work along the Shorncliffe Line to deliver Brisbane's new railway signalling system as part of the Cross River Rail Project.

Details of work

From mid-May, construction work will continue in the rail corridor at sites between Sandgate and Shorncliffe stations.

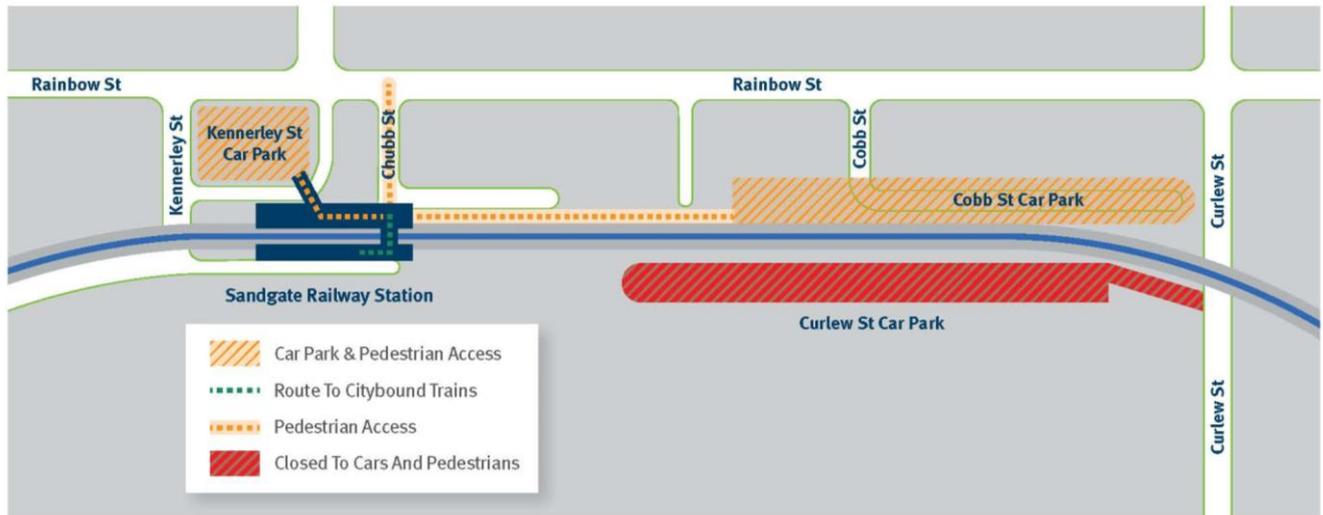

Works will occur between 7:00am to 6:00pm, Monday to Friday. Activities will include surveying, excavation, trenching, concreting, cabling works, and installing signalling equipment and equipment housing.

To ensure the safety of workers and the community, some activities will be undertaken outside of normal construction hours, as outlined in the table below, weather permitting.

Date and hours of work	Location	Type of work
From 2:00am, Saturday 22 May to 2.30am, Monday 24 May	In rail corridor near Curlew Street car park Sandgate	<ul style="list-style-type: none"> • Drainage works, including the delivery of materials • Minor earthworks and excavation • Conduit for new cabling • Equipment to be used: excavators, skid steer loader and vacuum truck
From 2:00am, Saturday 22 May to 2.30am, Monday 24 May	Sites near Palm Avenue, Curlew Street, Kennerley Street, Adam Street	<ul style="list-style-type: none"> • Electrical testing

Please note: The Curlew Street car park will be closed to vehicles and pedestrians (please see map overleaf) from 11.59pm Friday 21 May to 4.00am Monday 24 May. The Cobb Street and Kennerley Street car parks will be available for use during this time.

Alternative parking and station access

What to expect if you live alongside the rail corridor

Residents along the rail corridor may see and hear:

- Movement of personnel and construction vehicles (including machines and equipment)
- Some noise and dust associated with the use of machinery and equipment
- Mobile lighting towers in work areas during night works, in addition to existing rail corridor lighting.

To minimise impacts:

- Environmental controls will be in place to manage noise and dust
- Noise minimisation practices will be adopted in relation to the use of vehicles and machinery after hours
- Lighting towers will be directed away from residential properties, where practical
- All workers will be briefed on key community and environmental considerations.

What to expect if you're a rail customer

To undertake this work safely, some track closures will be necessary, including from 22 to 24 May. These will be scheduled at non-peak times and over selected weekends to minimise any inconvenience. Bus services will replace trains where services are impacted.

Plan your journey by visiting translink.com.au, calling 13 12 30 or downloading the **MyTransLink** app.
