

Works Notice

July 2021

Local trackside signalling work in July

Hitachi Rail is continuing construction work along the Shorncliffe Line to deliver Brisbane's new railway signalling system as part of the Cross River Rail Project.

Details of work

During July, construction work will continue in the rail corridor at sites between **Deagon and Shorncliffe stations**.

The majority of the works will occur between **6:00am to 6:00pm, Monday to Friday**. Activities will include excavation, trenching, concreting, cabling works, and installing signalling equipment and equipment housing.

To facilitate works near **Sandgate and Deagon stations**, there will be changes to station car parks. See maps overleaf and local signage for details.

Traffic control will also be in place periodically near Sandgate and Deagon stations to direct vehicle, bicycle and pedestrian traffic.

To ensure the safety of workers and the community, some activities will be **undertaken during track closures outside of normal construction hours**, weather permitting. These works are outlined in the table below.

Date and hours of work	Location	Type of work
Monday 5 July to Friday 9 July between 10.30pm and 4.00am	Near Curlew St car park, Sandgate and between Kate and Barton Streets, Shorncliffe	Installation of trackside equipment housing, track drilling and bonding
From 2.00am Saturday 10 July until 2.30am Monday 12 July 2021	Between Kate and Barton Streets, Shorncliffe	Installation of trackside equipment housing, track drilling and bonding
	Palm Avenue to Shorncliffe station	Cable hauling and installation Foundation and concreting works for trackside equipment housing
	Near Curlew St car park, Sandgate station	Cable hauling Foundations for radio mast and antennas
	Between Sandgate to Shorncliffe stations	Installation of axle counters on rail track
Monday 19 July until Friday 23 July 2021 between 10.30pm and 4.00am	Between Sandgate to Shorncliffe stations	Installation of trackside equipment housing
From 2.00am Saturday 31 July until 2.30am Monday 2 August 2021	Near Sandgate station	Radio mast and antenna installation
	Between Deagon and Shorncliffe stations	Cable hauling and installation, and trackside equipment testing

	At Kennerley Street, Sandgate and at Adams Street, Deagon	Under road crossing (directional drilling for cable installation)
	At Palm Avenue, Shorncliffe	Under track crossing (excavation and directional drilling for cable installation)

Curlew Street Car Park, Sandgate Partial closure to 13 September

Deagon Station Car Park

What to expect if you live alongside the rail corridor

Residents along the rail corridor may see and hear dust and noise associated with the use of machinery and equipment (including excavators, skid steer loaders, concrete trucks and pumps, and vacuum trucks), and mobile lighting towers in work areas during night works, in addition to existing rail corridor lighting.

To minimise impacts: environmental controls will manage noise and dust (including noise minimisation practices after hours), lighting towers will be directed away from residential properties, where practical, and all workers will be briefed on key community and environmental considerations.

What to expect if you're a rail customer

To undertake this work safely, some track closures will be necessary. Plan your journey by visiting translink.com.au, calling 13 12 30 or downloading the MyTransLink app.
