

Works Notice

August 2021

Exhibition station construction update

The new twin track rail bridge construction at Exhibition station is progressing, with four of the nine piers now complete. In August 2021, bridge works will continue, along with rock excavation between O'Connell Terrace and Bowen Bridge Road to widen the existing rail corridor.

Details of work

The following activities are scheduled to occur between 6:30am and 6:30pm, Monday to Saturday during August 2021, weather and construction conditions permitting:

- Rock excavation and removal adjacent to the existing Exhibition station
- Relocation of public utilities (water, sewer, communications and electrical) within the RNA Showgrounds precinct
- Bridge pier and retaining wall structure construction near Exhibition station will continue
- Site preparation including earthworks for an electrical feeder station adjacent to Bowen Bridge Road
- Installation of mast foundations for overhead electrical lines, cable routes and pits within the rail corridor
- Piling, steel fixing and concrete works adjacent to Bowen Bridge Road and O'Connell Terrace bridges for ongoing pier protection works
- Surveying and investigating underground services, such as water, electricity and gas.

Out of hours work

Additional activities will occur outside the project's normal working hours but are timed to take place within planned track closures, as outlined below:

Location	Date and hours of work	Type of work
Spring Hill and Bowen Hills	Intermittently between 10:00pm and 6:00am throughout August 2021	<ul style="list-style-type: none"> • Concrete deliveries and pours • Installation of cable routes and pits within the rail corridor including pulling new cables in conduits • Track work and maintenance.
Exhibition station precinct Bowen Bridge Road, Spring Hill to Campbell Street, Bowen Hills	Intermittently between 2:00am Monday 16 August to 2:00am Monday 23 August 2021	<ul style="list-style-type: none"> • Pier protection works for Bowen Bridge Road and O'Connell Terrace bridges • Construction of the new twin track bridge at Exhibition station • Rock cutting and retaining wall construction • Installation of mast foundations for overhead electrical lines • Trenching for signalling cable routes and pits • Rock cutting and removal adjacent to Exhibition station.

Royal Queensland Show – EKKA (7-15 August 2021)

There will be changes to the UNITY Alliance work areas during the Royal Queensland Show with only critical activities being undertaken.

Construction activities being undertaken in the Exhibition station precinct in August 2021

What to expect

During these works you may notice some intermittent disruptions such as:

- Light vehicles, trucks and machinery including excavators, mobile cranes, small power tools, drills, saws, minor vibrating equipment and mobile lighting towers to light the work areas at night
- Use of large machinery such as excavators with hydraulic hammers to remove rock and concrete structures at Exhibition station and load material into trucks for transport
- Changes around your local area such as construction vehicles, traffic management signs and personnel
- Intermittent closures of the pedestrian underpass beneath Exhibition station. Please follow the signage and directions of traffic control in the area
- Increased levels of noise, vibration and dust associated with the use of heavy machinery and equipment.

Relocation of public utilities adjacent to the existing Exhibition station.
