TOUR GUIDE VS. TOUR LEADER
Tour Guide:
Often locals with intimate knowledge of an area, its culture, and history. Their role
IMPORTANT INFORMATION

entails providing commentary, routing the tour, and seeing that people have a good time. They are a licensed, qualified expert who supplies specific information on history, art, architecture and culture of the city/village/attraction in which he or she is guiding the tour. The guide meets the group at the required place and leaves the group at the end of the tour, they do not travel with the group.

Tour Leader:
An experienced person tasked with ensuring the smooth operation of tours, as well as providing practical support to passengers throughout the whole trip. Their role primarily includes assisting with accommodation, transportation between locations, and communication with tour guides in each stop. A tour leader may provide general guidance around a city or village, and offer information on the place visited on the bus, however they are not required to have specific knowledge on art, architecture, or history. They are not allowed to provide a guided tour or commentary of a city/village/attraction once there and if caught doing so, can be fined.

Please note: Tour leaders/guides are not a standard inclusion in all travel offers. Tour leaders/guides will only be made available when particularly required to enhance the experience of the destination featured.

CLIMATE & AVERAGE TEMPERATURES

November:
We recommend dressing in layers as there can be significant changes in temperature throughout the day. Wear good walking shoes, jeans or heavy cotton pants, a light cotton shirt plus a sweater/jacket and to fit in with the local Italians, a scarf. Expect temperatures ranging from highs of 16°C to lows of 7°C.

January / February:
February is slightly warmer than January, but it can still be bitterly cold. On the plus side, most cruise ships have long left for the season and you don’t have to fight crowds to see the sights. The average temperature only reaches a high of 14°C and can fall to as low as 4°C.

March:
March in Italy, sees the spring weather start to take effect, and temperatures gradually increase from an average of 9°C in the beginning of the month to 12°C degrees towards the end.
