CLIMATE & AVERAGE TEMPERATURES

Portugal is classified as a warm temperate forest climate, with wet winters, dry summers and the warmest month above 22°C on average. The best time to visit Portugal is spring (March to June) when dazzling flowers carpet hillsides and the almond blossom lights up the countryside – or early autumn, (September to November) when the weather is warm but not too hot and the summer crowds have thinned out.

In Spain, August is the hottest month with an average temperature of 24°C with the most daily sunshine hours. Spain enjoys a warm Spring and Autumn.

Morocco's climate is moderate and subtropical, cooled by breezes off the Atlantic and Mediterranean. In the interior the temperatures are more extreme, winters can be fairly cold and the summers very hot. The country is at its most beautiful in spring when the landscape is green and lush, making for spectacular mountain hiking. Morocco is also lovely in Autumn (September to November) and Spring (March to June) when temperatures are very pleasant.
