A visa is not required in Europe for stays of up to 90 days if travelling on an Australian passport.

**Please note:** Passengers who are not Australian citizens must check with the respective consulate or visa agency to determine what their visa requirements are and what personal

identification is required. It is also important to note, some areas of employment such as journalism, government authorities and charity organisations may have additional restrictions in applying for Visas. This may, in turn, affect the type of application required.
