

**URGENT MEDICINE RECALL**  
**ORIENTAL BOTANICALS HAIRPRO**

**Oral Capsules – All BATCHES**

**ALL PACK SIZES**

**AUST L: 189993 and 300621**

Following a Therapeutic Goods Administration (TGA) safety investigation of products containing the ingredient *Fallopia multiflora* commonly used for hair health, Global Therapeutics Pty Ltd is recalling all batches of **Oriental Botanicals Hairpro oral capsules**.

The TGA has received reports of liver injury in consumers taking this product, with some cases requiring hospitalisation. To date, all cases reported in Australia have either improved or resolved after discontinuation of the product. While the risk of drug induced liver injury is low, it has the potential to be life-threatening.

In the interests of our consumers' health and safety, we ask that if you have a bottle of **Oriental Botanicals Hairpro capsules** that you stop using this product immediately.

Consumers should return unused product to the place of purchase for a refund.

Global Therapeutics also seeks to advise that this product has been cancelled from the Australian Register of Therapeutic Goods (ARTG) and there will be no future supply.

No other or Oriental Botanicals products are affected.

**CUSTOMER SERVICE 1800 550 103**

Global Therapeutics Pty Ltd sincerely regrets any inconvenience to our customers.
