

Group Study Tours

Canterbury College embraces international ties and culture. We celebrate our Global ties with our international partners in friendship, teaching and learning and academic, sporting and cultural excellence through our Study Tours Program.

Polish study tour students joined the Canterbury students for a Forensics lesson.

Chinese study tour students joined their Canterbury buddies for an art lesson.

About us

Canterbury College is located halfway between Brisbane and the Gold Coast in beautiful Queensland, close to shopping centres, theme parks, beaches, national parks and public transport.

Study Tour students aged 12-17 years have an opportunity to become involved in the life of our Australian school community within the framework of our College timetable.

Our objectives are to:

- develop a student's English language skills;
- provide an opportunity for visiting students to experience Australian culture; and
- provide an opportunity for visitors to share their culture with Australian students.

Each Study Tour incorporates essentials such as English tuition, integration and immersion in the classroom alongside Australian students, cultural awareness, a homestay accommodation experience and some excursions.
